### EXPLANATORY NOTE

SOBR Safe, Inc. (the "Company") is filing this Amendment No. 1 (this "Amendment") on Form 10-K/A to amend its Annual Report on Form 10-K for the fiscal year ended December 31, 2023, filed with the Securities and Exchange Commission on April 1, 2024 (the "Original 10-K") for the purpose of amending and restating Item 9A in its entirety to explicitly state management's conclusion that internal controls over financial reporting are effective pursuant to Item 308(a)(3) of Regulation S-K.

In addition, the Company's Chief Executive Officer and Chief Financial Officer have provided new certifications dated as of the date of this Amendment.

Except as described above, no other changes have been made to the Original 10-K. This Amendment speaks as of the date of the Original 10-K and does not reflect events that may have occurred after the date of the Original 10-K or modify or update any disclosures that may have been affected by subsequent events.

#### ITEM 9A - CONTROLS AND PROCEDURES

### (a) Evaluation of Disclosure Controls and Procedures

We carried out an evaluation, under the supervision and with the participation of our management, including our Chief Executive Officer (our Principal Executive Officer) and Chief Financial Officer (our Principal Accounting Officer), of the effectiveness of our disclosure controls and procedures as defined in Exchange Act Rules 13a – 15(c) and 15d – 15(e)). Based upon that evaluation, our Chief Executive Officer and Chief Financial Officer, who are our Principal Executive Officer and Principal Financial Officer, respectively, concluded that, as of the end of the year ended December 31, 2023, our disclosure controls and procedures were effective as of December 31, 2023.

In designing and evaluating the disclosure controls and procedures, management recognizes that there are inherent limitations to the effectiveness of any system of disclosure controls and procedures, including the possibility of human error and the circumvention or overriding of the controls and procedures. Accordingly, even effective disclosure controls and procedures can only provide reasonable assurance of achieving their desired control objectives. Additionally, in evaluating and implementing possible controls and procedures, management is required to apply its reasonable judgment.

### (b) Management's Annual Report on Internal Control Over Financial Reporting

Our management is responsible for establishing and maintaining adequate internal control over financial reporting. Internal control over financial reporting is defined in Rules 13a-15(c) and 15d-15(f) promulgated under the Exchange Act, as amended, as a process designed by, or under the supervision of, our Chief Executive Officer and Chief Financial Officer, and effected by our Board of Directors, management and other personnel, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles in the United States and includes those policies and procedures that:

- Pertain to the maintenance of records that in reasonable detail accurately and fairly reflect our transactions and any disposition of our assets;
- Provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted
  accounting principles, and that our receipts and expenditures are being made only in accordance with authorizations of our management and directors; and
- Provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use or disposition of our assets that could have a material
  effect on the financial statements.

A material weakness is a deficiency, or a combination of deficiencies, in internal control over financial reporting, such that there is a reasonable possibility that a material misstatement of our annual or interim financial statements will not be prevented or detected on a timely basis. Our management assesses the effectiveness of our internal control over financial reporting on a quarterly basis, with the most recent assessment being conducted as of December 31, 2023. In making these assessments, our management used the criteria set forth by the Committee of Sponsoring Organizations of the Treadway Commission (COSO) in Internal Control-Integrated Framework issued in 2013. Based on this assessment, management concluded that, as of the end of the year ended December 31, 2023, our internal controls over financial reporting were effective, and management has identified no material weaknesses.

### (c) Changes in Internal Control over Financial Reporting

There have been no changes in our internal control over financial reporting during the quarter ended December 31, 2023, that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting. Our process for evaluating controls and procedures is continuous and encompasses constant improvement of the design and effectiveness of established controls and procedures and the remediation of any deficiencies, which may be identified during this process.

Because of the inherent limitations of internal control over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may not be prevented or detected on a timely basis. Also, projections of any evaluation of the effectiveness of the internal control over financial reporting to future periods are subject to the risk that the controls may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.
