### SOBR SAFE, INC.

#### **Corporate Overview**

On September 19, 2011, we, as Imagine Media, Ltd., a Delaware corporation, acquired approximately 52% of the outstanding shares of TransBiotec, Inc. ("TBT"), a California corporation, from TBT's directors in exchange for 124,439 shares of our common stock. In January 2012, our Board of Directors amended our Certificate of Incorporation changing our name from Imagine Media, Ltd. to TransBiotec, Inc., and we acquired approximately 45% of the remaining outstanding shares of TBT in exchange for 109,979 shares of our common stock. With the acquisitions in September 2011 and January 2012 of TBT common stock, we own approximately 99% of the outstanding shares of TBT. As a result of the acquisitions, TBT's business is our business, and, unless otherwise indicated, any references to "we" or "us" include the business and operations of TBT.

On March 9, 2020, our Board of Directors approved the amendment to our Certificate of Incorporation and stockholders holding 52% of our then outstanding voting stock approved an amendment to our Articles of Incorporation. The Certificate of Amendment to our Certificate of Incorporation was for the purpose of, among other things, changing our name from "TransBiotec, Inc." to "SOBR Safe, Inc." The Certificate of Amendment to our Certificate of Incorporation became effective with the State of Delaware on April 24, 2020.

Pursuant to approval of an application with Nasdaq to uplist our common stock to their exchange under the ticker symbol "SOBR," our common stock began trading and quoted on the Nasdaq exchange on May 16, 2023. Prior to this uplist to the Nasdaq exchange, our common stock was quoted on the "OTCQB" tier of the OTC Markets under the ticker symbol "SOBR."

Our corporate offices are located at 6400 South Fiddlers Green Circle, Suite 1400, Greenwood Village, Colorado 80111, telephone number (844) 762-7723.

#### **Business Operations, Outlook and Challenges**

We provide non-invasive technologies to quickly and humanely identify the presence of alcohol in individuals. Our mission is to save lives, positively impact behavioral outcomes and individual wellness, increase workplace safety and productivity, and create significant economic benefits. Our non-invasive technologies are integrated within our scalable and patent-pending software platform, SOBRsafe™, producing statistical, measurable business and user data. To that end, our SOBRsafe™ software platform, along with our integrated hardware devices used to provide non-invasive alcohol detection and identity verification, combine to create a robust solution that has current and potential applications in:

- Behavioral health and wellness
- Judicial administrative applications
- Licensing and integration
- Commercial environments, including but not limited to oil and gas, fleet management, telematics, ride share programs, and general workplace safety
- Individual consumer use, including co-parenting trust, personal accountability, and teen driver safety

*SOBRcheck™*

Our SOBRcheck™ device is a patent-pending, touch-based identity verification and alcohol detection solution. Users place two fingers on the device sensors, one compares biometric data points from the finger to confirm identity, while the other senses alcohol released through the pores of the fingertip. The touch-based device connects to the SOBRsafe™ software solution to collect, present and communicate data collected to subscribed parties. The SOBRcheck™ device has been in commercial production since the first quarter of 2022 and we have executed customer agreements since that time.

*SOBRsure™*

Our SOBRsure™ device is a patent-pending, fitness-style wearable band with an alcohol detection solution intended for discrete, low-profile and voluntary use providing real-time alcohol monitoring and GPS tracking. The wearable band is a device which includes a contained sensor which senses alcohol released through the pores of the skin. The wearable band connects to a mobile device via Bluetooth communication where the SOBRsafe™ mobile application collects and transmits data to the SOBRsafe™ software solution. The SOBRsure™ device provides passive, real-time alcohol insights to administrators, clinicians, parents and more, and also includes device removal and service interruption notifications. The SOBRsure™ is in commercial production and became available for sale in late September 2023.

Our SOBRsafe™ technology can also be deployed across numerous additional devices for various uses. We are currently exploring possible integrations with existing telematics systems and licensing by non-competitive third parties.

We believe our device portfolio approach could yield a substantial repository of user data – a potentially monetizable asset for statistical analytics. The opportunity to collect data points over time could enable the development of business and insurance liability benchmarking, through artificial intelligence (AI), powerful guidance for perpetual safety improvement and associated cost savings capture. By demonstrating substance-free environments, organizations could deliver a data-driven argument for lowering insurance premiums. We could potentially partner with insurance providers to mandate use of the SOBRsafe™ devices and/or technology.

Design, manufacturing, quality testing and distribution for all SOBRsafe™ integrated devices takes place in the United States.

Our products continue to gain awareness and recognition through trade shows, media exposure, social media and product demonstrations. To generate sales, we have a three-part strategy: 1) direct sales to businesses and consumers, 2) enter into agreements with channel partners and 3) enter into licensing and integration agreements. We currently employ four highly experienced sales professionals facilitating direct sales and channel partner relationships. Licensing and integration opportunities with non-competitive third parties continue in preliminary stages. We anticipate hiring an expert in licensing and integrations in 2024 to formulate and execute an expansion plan.

## Marketing

We have developed a marketing plan that includes:

- consumer and enterprise e-commerce web-solutions
- search engine optimization (SEO) and search engine marketing (SEM)
- digital and social media campaigns
- online paid advertising placements
- brand ambassadors, affiliate partners and social media influencers,
- public relations initiatives and trade shows
- direct business to business target campaigns,
- alcohol detection/testing channel partners,
- territorial sales agents,
- advocacy group alignment,
- ongoing brand development and
- continuous pursuit of cutting-edge technologies for future integration.

As of August 23, 2024, we have retained four channel partners to augment our sales and marketing efforts, serving business customers with SOBRsafe™ technology solutions, including the SOBRcheck™ and SOBRsure™ devices.

## Intellectual Property

We possess the following patent and pending patent applications related to our SOBRsafe™ system and related devices:

- 1) U.S. Patent No. 9,296,298, entitled “Alcohol detection system for vehicle driver testing with integral temperature compensation”, which expires in 2032.
- 2) U.S. Patent Application No. 17/996,996, entitled “Noninvasive Transdermal Alcohol Screening System,” and related foreign filings in Canada and Europe.
- 3) U.S. Patent Application No. 18/251,567, entitled “Wearable Data Collection Device With Non-Invasive Sensing,” and related foreign filings in Canada, Europe, and Mexico.
- 4) U.S. Provisional Patent Application No. 63,502,580, entitled “Vehicle Diagnostic Port Dongle for Preventing Vehicle Start.”

We are currently applying for the related patents to convert our Provisionals as part of our patent defense strategy.

We applied for trademarks related to the SOBRsafe™ system, SOBRcheck™ and SOBRsure™, and “SOBR” as standard characters with no specific formatting.

## Government Regulation

As we utilize a unique “Pass/Fail” methodology that simply alerts to the presence of alcohol (as opposed to measuring a discrete BrAC) - information that may be used at the discretion of the employer (or counselor, parent, etc.) - we do not believe we will be subject to any government regulation in the targeted alcohol detection markets including Behavioral Health, Justice, Alcohol Rehabilitation, Consumer, Facility & Fleet, or Young Driver markets. In the Judicial market, regulations vary significantly by state; some states only allow for the use of certain methodologies like breath or urine, while others do not specify and there exists no regulated barrier to entry for a transdermal solution.

## **Human Capital Resources and Employees**

As of August 23, 2024, there are a total of 14 full time employees, including Company officers Chairman/Chief Executive Officer/Secretary, David Gandini, and Chief Financial Officer, Christopher Whitaker. The employee base primarily operates from our corporate offices located in Greenwood Village, Colorado. Employees who operate remotely from our corporate offices primarily consist of territorial sales and business development representatives. The remainder of our workforce consists of professional consultants in supporting roles due to the size and nature of our business.

### **Oversight and Management**

Our executive officers are tasked with leading our organization in managing employment-related matters, including recruiting and hiring, onboarding and training, compensation planning and talent management and development. We are committed to providing team members with the training and resources necessary to continually strengthen their skills. Our executive team is responsible for periodically reviewing development and training programs, diversity efforts, business ethics and compliance training, team member benefit programs and initiatives, including healthcare and other benefits, as well as our management development and succession planning practices. Management periodically reports to the Board and the Compensation Committee regarding our human capital measures and results that guide how we attract, compensate, retain and develop a workforce to enable our business strategies.

### **Diversity, Equity and Inclusion**

We believe that a diverse workforce is critical to our success, and we continue to monitor and improve the application of our hiring, retention, compensation and advancement processes for women and underrepresented populations across our workforce, including persons of color, veterans and LGBTQ+ to enhance our inclusive and diverse culture. We continue to invest in recruiting diverse talent.

### **Workplace Safety and Health**

A vital part of our business is providing our workforce with a safe, healthy and sustainable working environment. We focus on implementing change through workforce observation and feedback channels to recognize risk and continuously improve our processes.

### **Reverse Stock Split**

On June 3, 2024, our shareholders approved the granting of authority to the Board to amend our articles of incorporation to effect a reverse stock split of the issued and outstanding shares of our Common Stock, by a ratio of no less than 1-for-2 and no more than 1-for-150, on or anywhere in between, as may be determined by the Board on or before December 31, 2024, with the exact ratio and timing to be determined by the Board in its sole discretion, and with such reverse stock split to be effective at such time and date, if at all, as determined by the Board in its sole discretion.

On August 30, 2024, the Board of Directors (the "Board") approved the granting of authority to the Company's officers to effect a reverse stock split of the issued and outstanding shares of our Common Stock by a ratio of no less than 1-for-2 and no more than 1-for-150, or anywhere between, as may be determined by the officers on September 19, 2024, or as soon as practicable thereafter.

The reverse stock split would not have any impact on the number of authorized shares of Common Stock which remains at 100,000,000 shares.

## RISK FACTORS

Any investment in our securities involves a high degree of risk. You should consider carefully the following information, together with the other information contained in this Prospectus and in the “*Risk Factors*” section of the 2023 Form 10-K and our Quarterly Report on Form 10-Q for the quarter ended March 31, 2024, each of which has been filed with the SEC and is incorporated by reference into this prospectus, before you decide to buy our common stock. If we are not successful in developing, marketing, and/or selling devices based on our SOBRsafe™ platform we will not be successful in generating revenue. The following risks and risk factors incorporated by reference are material risks that we face. If any of the events or developments discussed below or in our documents incorporated by reference occur, our business, our ability to achieve revenues, our operating results and our financial condition could be seriously harmed. In such an event, the fair value of our common stock could decline, and you could lose all or part of your investment. Additional risks and uncertainties not presently known to us or that we currently deem immaterial also may impair our operations.

### Risks Related to the Company

***We may not be able to maintain our listing on Nasdaq, which could have a material adverse effect on us and our stockholders.***

We may not be able to maintain our listing on Nasdaq, which could have a material adverse effect on us and our stockholders. The standards for continued listing on Nasdaq include, among other things, that the minimum bid price for the listed securities may not fall below \$1.00 for a period in excess of 30 consecutive business days and stockholders’ equity maintain a minimum value of at least \$2,500,000.

During the months of October 2023 and November 2023, our Common Stock traded at levels below \$1.00 per share in excess of the 30-business day requirement. On November 15, 2023, we received a deficiency letter from the Listing Qualifications Department (the “Staff”) of Nasdaq notifying us that, for the preceding 30 consecutive business days, the closing bid price of our Common Stock remained below the minimum \$1.00 per share requirement for continued inclusion on Nasdaq (the “Bid Price Requirement”). The Company was provided an initial period of 180 calendar days, or until May 13, 2024, (the “Compliance Period”) to regain compliance with the Bid Price Requirement.

On April 8, 2024, the Company received a deficiency letter from the Staff notifying the Company that, based upon the Company’s Annual Report on Form 10-K for the period ended December 31, 2023, the Company is not in compliance with the minimum stockholders’ equity requirement set forth in Nasdaq Listing Rule 5550(b)(1), which requires companies listed on Nasdaq to maintain a minimum of \$2,500,000 in stockholders’ equity for continued listing (the “Stockholders’ Equity Rule”). Pursuant to Nasdaq Listing Rule 5810(d)(2), the failure to comply with the Stockholders’ Equity Rule became an additional and separate basis for delisting.

On May 15, 2024, the Company received a staff determination letter (the “Determination Letter”) from the Staff notifying the Company that it had not regained compliance with the Bid Price Requirement by May 13, 2024, and was not eligible for a second 180-day period due to the Company’s failure to comply with the minimum stockholders’ equity initial listing requirement for Nasdaq. The Company subsequently requested a hearing before the Nasdaq Hearings Panel (the “Panel”) which automatically stayed any suspension or delisting action for the Company’s securities pending the Panel hearing decision.

A hearing on this matter was held on July 2, 2024.

On August 5, 2024, the Company received a letter from the Panel stating that the Panel has determined to grant the request of the Company to continue its listing on the Nasdaq Stock Market subject to certain conditions enumerated therein. The Panel has determined to grant the Company’s request for an exception until October 23, 2024, to regain compliance with the Bid Price Requirement and Stockholders’ Equity Rule.

If the closing bid price of our Common Stock or the value of our stockholders’ equity were to fail to meet Nasdaq’s respective minimum requirements within the prescribed periods, or if we otherwise fail to meet any other applicable requirements of Nasdaq and we are unable to regain compliance, Nasdaq may make a determination to delist our Common Stock. The delisting of our Common Stock from Nasdaq could negatively impact us by (i) reducing the liquidity and market price of our Common Stock; (ii) reducing the number of investors willing to hold or acquire our Common Stock, which could negatively impact our ability to raise equity financing; (iii) impacting our ability to use a registration statement to offer and sell freely tradable securities, thereby preventing or limiting us from accessing the public capital markets; and (iv) impairing our ability to provide equity incentives to our employees.

There can be no assurance that we will regain compliance or otherwise maintain compliance with any of the other listing requirements. Nonetheless, we intend to monitor the closing bid price of our Common Stock and may, if appropriate, consider available options, including a reverse stock split, to regain compliance with the Bid Price Requirement, and evaluating capital financing and debt conversion inducement options to gain compliance with the Stockholders' Equity Requirement.

***The reverse stock split may decrease the liquidity of the shares of our Common Stock.***

The liquidity of the shares of our Common Stock may be affected adversely by the reverse stock split given the reduced number of shares that will be outstanding following the reverse stock split, especially if the market price of our Common Stock does not increase as a result of the reverse stock split. In addition, the reverse stock split may increase the number of shareholders who own odd lots (less than 100 shares) of our Common Stock, creating the potential for such shareholders to experience an increase in the cost of selling their shares of Common Stock and greater difficulty affecting such sales.

***Following the reverse stock split, the resulting market price of our Common Stock may not attract new investors, including institutional investors, and may not satisfy the investing requirements of those investors. Consequently, the trading liquidity of our Common Stock may not improve.***

Although we believe that a higher market price of our Common Stock may help generate greater or broader investor interest, there can be no assurance that the reverse stock split will result in a share price that will attract new investors, including institutional investors. In addition, there can be no assurance that the market price of our Common Stock will satisfy the investing requirements of those investors. As a result, the trading liquidity of our Common Stock may not necessarily improve.

***If our Common Stock is delisted from Nasdaq and become subject to the penny stock rules, it would become more difficult to trade our shares.***

The SEC has adopted regulations which define a "penny stock" to be any equity security that has a market price (as therein defined) of less than \$5.00 per share or an exercise price of less than \$5.00 per share, subject to certain exceptions. Unless exempt, the rules require the delivery, prior to any transaction involving a penny stock by a retail customer, of a disclosure schedule prepared by the SEC relating to the penny stock market. Disclosure is also required to be made about commissions payable to both the broker/dealer and the registered representative and current quotations for the securities. Finally, monthly statements are required to be sent disclosing recent price information for the penny stock held in the account and information on the limited market in penny stocks. If, following this offering, the market price for shares of our Common Stock falls below \$5.00, and we do not satisfy any of the exceptions to the SEC's definition of penny stock, our Common Stock will be classified as a penny stock. If such should occur, as a result of the penny stock restrictions, brokers or potential investors may be reluctant to trade in our securities, which may result in less liquidity for our securities.

**Risks Related to this Offering**

***The Selling Securityholders may sell their shares of common stock in the open market, which may cause our stock price to decline.***

The Selling Securityholders may sell their shares of common stock being registered in this offering in the public market. That means that up to 20,638,326 shares of common stock, the number of shares being registered in this offering for sale by the Selling Securityholders if they exercise the Warrants, may be sold in the public market. Such sales will likely cause our stock price to decline.

***Sale of our common stock by the Selling Securityholders could encourage short sales by third parties, which could contribute to the further decline of our stock price.***

The significant downward pressure on the price of our common stock caused by the sale of material amounts of common stock could encourage short sales by third parties. Such an event could place further downward pressure on the price of our common stock.

Forward-looking statements include all statements that are not historical facts and can be identified by the use of forward-looking terminology such as the words “believe,” “expect,” “anticipate,” “intend,” “plan,” “estimate” or similar expressions. These statements are only predictions and involve known and unknown risks and uncertainties, including the risks outlined under “Risk Factors” and elsewhere in this prospectus.

### **USE OF PROCEEDS**

This Prospectus relates to shares of our common stock owned by the Selling Securityholders and the shares of our common stock that may be acquired by the Selling Securityholders due to the exercise of their Warrants. We will not receive any proceeds from the sale of shares of common stock in this offering.

## SELLING SECURITYHOLDERS

The Common Stock being offered by the Selling Securityholders are those issuable to the Selling Securityholders upon exercise of the Warrants. We are registering the shares of Common Stock underlying the Warrants in order to permit the Selling Securityholders to offer the shares for resale from time to time. Except for the ownership of the Warrants, the Selling Securityholders have not had any material relationship with us within the past three years.

The table below lists the Selling Securityholders (each individually, a “Selling Securityholder”) and other information regarding the beneficial ownership of the shares of Common Stock by each of the Selling Securityholders. The second column lists the number of shares of Common Stock beneficially owned by each Selling Securityholders, based on its ownership of the Warrants, as of August 23, 2024, assuming exercise of the Warrants held by the Selling Securityholders on that date, without regard to any limitations on exercises.

The third column lists the shares of Common Stock being offered by this prospectus by the Selling Securityholders.

In accordance with the terms of a registration rights agreement with the Selling Securityholders, this prospectus generally covers the resale of the sum of (i) the maximum number of shares of Common stock issuable upon exercise of the related Warrants, determined as if the outstanding Warrants were exercised in full, in each case, as of the trading day immediately preceding the date this registration statement was initially filed with the SEC, each as of the trading day immediately preceding the applicable date of determination and all subject to adjustment as provided in the registration right agreement, without regard to any limitations on the exercise of the Warrants. The fourth column assumes the sale of all of the shares offered by the Selling Securityholders pursuant to this prospectus.

Under the terms of the Warrants, the Selling Securityholder may not exercise any portion of the Warrant to the extent such exercise would cause the Selling Securityholder, together with its affiliates, attribution parties, and any other person or entity acting as a group, to beneficially own a number of shares of Common Stock which would exceed 4.99% of the then outstanding Common Stock following such exercise, as such percentage ownership is determined in accordance with the terms of the Warrant, except that upon notice from the Selling Securityholder to us, the Selling Securityholder may waive such limitation up to a percentage, not in excess of 9.99%.

The number of shares in the second and fourth columns do not reflect these limitations. The Selling Securityholders may sell all, some or none of their shares in this offering. See the section of this prospectus titled “Plan of Distribution.”

These sales may be at fixed or negotiated prices. A Selling Securityholder may use any one or more of the following methods when selling securities:

- ordinary brokerage transactions and transactions in which the broker-dealer solicits purchasers;
- block trades in which the broker-dealer will attempt to sell the securities as agent but may position and resell a portion of the block as principal to facilitate the transaction;
- purchases by a broker-dealer as principal and resale by the broker-dealer for its account;
- an exchange distribution in accordance with the rules of the applicable exchange;
- in the over-the-counter market;
- in transactions otherwise than on these exchanges or systems or in the over-the-counter market;
- privately negotiated transactions;

The Selling Securityholders may also sell securities under Rule 144 or any other exemption from registration under the Securities Act of 1933, as amended (the "Securities Act"), if available, rather than under this prospectus.

Broker-dealers engaged by the Selling Securityholders may arrange for other brokers-dealers to participate in sales. Broker-dealers may receive commissions or discounts from the Selling Securityholders (or, if any broker-dealer acts as agent for the purchaser of securities, from the purchaser) in amounts to be negotiated, but, except as set forth in a supplement to this Prospectus, in the case of an agency transaction not in excess of a customary brokerage commission in compliance with FINRA Rule 2121; and in the case of a principal transaction a markup or markdown in compliance with FINRA Rule 2121.

In connection with the sale of the securities or interests therein, the Selling Securityholders may enter into hedging transactions with broker-dealers or other financial institutions, which may in turn engage in short sales of the securities in the course of hedging the positions they assume. The Selling Securityholders may also sell securities short and deliver these securities to close out their short positions, or loan or pledge the securities to broker-dealers that in turn may sell these securities. The Selling Securityholders may also enter into option or other transactions with broker-dealers or other financial institutions or create one or more derivative securities which require the delivery to such broker-dealer or other financial institution of securities offered by this prospectus, which securities such broker-dealer or other financial institution may resell pursuant to this prospectus (as supplemented or amended to reflect such transaction).

## [Table of Contents](#)

The Selling Securityholders and any broker-dealers or agents that are involved in selling the securities may be deemed to be “underwriters” within the meaning of the Securities Act in connection with such sales. In such event, any commissions received by such broker-dealers or agents and any profit on the resale of the securities purchased by them may be deemed to be underwriting commissions or discounts under the Securities Act. Each Selling Securityholder has informed the Company that it does not have any written or oral agreement or understanding, directly or indirectly, with any person to distribute the securities.

The Company is required to pay certain fees and expenses incurred by the Company incident to the registration of the securities. The Company has agreed to indemnify the Selling Securityholders against certain losses, claims, damages and liabilities, including liabilities under the Securities Act.

The Company agreed to keep this prospectus effective until the earlier of (i) the date on which the securities may be resold by the Selling Securityholders without registration and without regard to any volume or manner-of-sale limitations by reason of Rule 144, without the requirement for the Company to be in compliance with the current public information under Rule 144 under the Securities Act or any other rule of similar effect or (ii) all of the securities have been sold pursuant to this prospectus or Rule 144 under the Securities Act or any other rule of similar effect. The resale securities will be sold only through registered or licensed brokers or dealers if required under applicable state securities laws. In addition, in certain states, the resale securities covered hereby may not be sold unless they have been registered or qualified for sale in the applicable state or an exemption from the registration or qualification requirement is available and is complied with.

Under applicable rules and regulations under the Exchange Act, any person engaged in the distribution of the resale securities may not simultaneously engage in market making activities with respect to the common stock for the applicable restricted period, as defined in Regulation M, prior to the commencement of the distribution. In addition, the Selling Securityholders will be subject to applicable provisions of the Exchange Act and the rules and regulations thereunder, including Regulation M, which may limit the timing of purchases and sales of the common stock by the Selling Securityholders or any other person. The Company will make copies of this prospectus available to the Selling Securityholders and have informed them of the need to deliver a copy of this prospectus to each purchaser at or prior to the time of the sale (including by compliance with Rule 172 under the Securities Act).

The investor is sophisticated, familiar with our operations, and there was no general solicitation or advertising.

Prior to hiring Mr. Bennett as an executive officer, Mr. Bennett was granted (i) 3,334 restricted stock units pursuant to a prior consulting arrangement with us, and (ii) a stock option to acquire 33,334 shares of our common stock at an exercise price of \$10.131 under a prior employment agreement with us. The restricted stock units were issued under our 2019 Equity Plan and vest upon the earlier of (i) the expiration of any lock-up period that includes any of our securities owned by the Advisor after the uplist of the Corporation to a national exchange (NASDAQ, NYSE, etc.) or (ii) January 1, 2023. The stock options were also issued under our 2019 Equity Incentive Plan and vest in equal installments, monthly over a thirty six (36) month period beginning May 17, 2021. The issuance of these securities was exempt from registration pursuant to Section 4(a)(2) of the Securities Act of 1933. The investor is sophisticated, familiar with our operations, and there was no general solicitation or advertising.

On September 28, 2021, we closed a financing transaction with Armistice Capital Master Fund Ltd. (the “Purchaser”). Under the terms of the financing, we received \$2,500,000 from the Purchaser and in exchange issued the Purchaser an 18% Original Issue Discount Convertible Debenture in the principal amount of \$3,048,780.50 (the “Debenture”) and a Common Stock Purchase Warrant (the Original Warrant) to purchase up to 406,504 shares of our common stock. The Debenture is convertible: (a) voluntarily by the Purchaser at any time into shares of our common stock at the lesser of (i) 100% of the closing price our common stock on the trading day immediate prior to the Closing Date under the Debenture, or (ii) 75% of the average VWAP of our common stock (representing a 25% discount) during the 5 trading day period immediately prior to the applicable conversion date (on an as adjusted basis giving effect to any splits, dividend and the like during such 5 Trading Day period) (the “Conversion Price”), or (b) automatically upon the occurrence of a Qualified Offering (as defined in the Debenture) into shares of our common stock at the lesser of: (i) the Conversion Price or (ii) 75% of the offering price of the securities offered in the Qualified Offering. The Debenture matures on March 27, 2022, does not accrue interest unless there is an event of default under the terms of the Debenture, and contains industry standard default and other provisions. The Warrant is exercisable at any time in the next five (5) years into shares of our common at an exercise price of \$6.00 per share, unless an event of default occurs, at which time the exercise price will adjust to \$1.00 per share. The Warrant contains a cashless exercise provision but only in the event we fail to have an effective registration statement registering the shares underlying the Warrant at any time beginning six (6) months from the date of the Warrant. The issuance of these securities was exempt from registration pursuant to Section 4(a)(2) of the Securities Act of 1933. The investor is accredited, familiar with our operations, and there was no general solicitation or advertising.

From March 2021 through May 31, 2021, we conducted a “Unit” offering under Rule 506 of Regulation D, with each Unit consisting of a \$50,000 principal amount convertible debenture (the “Secured Debentures”) and a warrant (the “Warrant”) to purchase 8,334 shares of our common stock. The holders of the Secured Debentures and the Warrants are the Selling Securityholders herein. The Secured Debentures mature two (2) years after issuance. The Secured Debentures will not be redeemable but contain an automatic conversion feature, which will cause all principal and interest due under the Debenture to automatically convert if our common stock closes at or above \$6.00 per share on NASDAQ for five (5) consecutive trading days. Interest on each investor’s Secured Debenture accrues at a rate of 12% per annum, beginning on the date we have access to the investor’s funds. At the date of their investment, investors elected to have the interest due under the Secured Debenture paid in cash monthly or have the interest accrue and be payable on the maturity date of the Secured Debenture. For investors that elect to accrue the interest due under the Secured Debenture, the interest will be paid in cash or may be converted into shares of our common stock under the same terms as the principal amount on the maturity date. The Secured Debentures will be convertible at any time, and from time to time, beginning on the date of issuance, into shares of our common stock. The Secured Debentures will be convertible at nine dollars (\$9.00) per share; provided, however, that the right of conversion will be limited by the terms of the Secured Debentures to the extent necessary to ensure that each Debenture holder will never beneficially own more than 4.9% of our class of common stock at any one time while any portion of the holder’s Debenture remains outstanding. The repayment of the Secured Debentures is secured by our current patent and patent applications. The Warrant attached to each Unit gives the investor the right to purchase 8,334 shares of our common stock. The Warrants are exercisable at any time, and from time to time, beginning on the date of issuance and expiring two (2) years after issuance, into shares of our common stock at an exercise price of nine dollars (\$9.00) per share. In the event our common stock closes at or above \$6.00 per share on NASDAQ for five (5) consecutive trading days then we have the right to notify the holder of the Warrants that we plan to purchase the Warrants for \$0.30 each, which begins a sixty (60) day period for the holder to exercise the Warrants or we may purchase them for \$0.30 each. Under this offering, we issued secured convertible promissory notes totaling \$2,005,000 to 25 non-affiliated investors, and one then-affiliate investor – Mr. Ford Fay, one of our directors (\$50,000) and additional investors that are now affiliates - Mr. James Bardy (through an entity he controls entitled Financial House, LLC) (\$100,000) and Mr. Scott Bennett, our Executive Vice-President of Operations (\$50,000), and warrants to purchase 334,167 shares of our common stock with the notes and warrants having the terms described above. The issuance of these securities was exempt from registration pursuant to Section 4(a)(2) of the Securities Act of 1933. The investor is accredited, familiar with our operations, and there was no general solicitation or advertising.

In October 2020, we entered into an Advisory Agreement with Steven Beabout, a member of our Board of Directors, under which he agreed to provide us with strategic legal advice in relation to certain business and legal matters for a period of sixteen (16) months. In exchange for his services, we agreed to issue him 25,000 restricted stock units. The restricted stock units were issued under our 2019 Equity Plan and vest upon the earlier of (i) the expiration of any lock-up period that includes any of our securities owned by the Advisor after the uplist of the Corporation to a national exchange (NASDAQ, NYSE, etc.) or (ii) January 1, 2023. The issuance of these securities was exempt from registration pursuant to Section 4(a)(2) of the Securities Act of 1933. The investor is sophisticated, familiar with our operations, and there was no general solicitation or advertising.

In November 2020 and February 2022, in consideration of Steven Beabout’s work as Chairman of the Compensation Committee of our Board of Directors, we agreed to issue Mr. Beabout 30,000 and 25,000 restricted stock units, respectively. The restricted stock units were issued under our 2019 Equity Plan and vest upon the earlier of (i) the expiration of any lock-up period that includes any of our securities owned by the Advisor after the uplist of the Corporation to a national exchange (NASDAQ, NYSE, etc.) or (ii) January 1, 2023. The issuance of these securities was exempt from registration pursuant to Section 4(a)(2) of the Securities Act of 1933. The investor is sophisticated, familiar with our operations, and there was no general solicitation or advertising.

In connection with closing the transaction with IDTEC detailed herein, we issued a convertible promissory note totaling approximately \$1,500,000 to IDTEC. The promissory note was convertible any time by the holder into shares of our common stock at a conversion price of \$1.50 per share, subject to anti-dilution protection against any future securities we may issue at an effective price of less than \$0.50 per share. On November 17, 2020, IDTEC converted the total of \$1,551,514 of principal and interest due under the promissory note into 1,034,343 shares of our common stock. The issuance of these securities was exempt from registration pursuant to Section 4(a)(2) of the Securities Act of 1933. The investor is accredited, familiar with our operations, and there was no general solicitation or advertising. At the closing of the same transaction, we also issued Warrant to Purchase Common Stock to IDTEC, under which IDTEC can purchase up to 106,667 shares of our common stock at an exercise price of \$1.50 per share. The issuance of these securities was exempt from registration pursuant to Section 4(a)(2) of the Securities Act of 1933. The investor is accredited, familiar with our operations, and there was no general solicitation or advertising.

These issuances were made in reliance on an exemption from registration set forth in Section 4(a)(2) of the Securities Act, as transactions by an issuer not involving a public offering.

**Undertakings**

- A. Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to our directors, officers and controlling persons pursuant to the foregoing provisions, or otherwise, we have been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Securities Act of 1933 and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by us of expenses incurred or paid by our director, officer or controlling person in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, we will, unless in the opinion of our counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Securities Act of 1933 and will be governed by the final adjudication of such issue.
- B. The undersigned registrant hereby undertakes:
- (1) To file, during any period in which offers or sales are being made, a post-effective amendment to this registration statement:
    - (a) To include any prospectus required by Section 10(a)(3) of the Securities Act of 1933;
    - (b) To reflect in the prospectus any facts or events arising after the effective date of the registration statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in the registration statement. Notwithstanding the foregoing, any increase or decrease in volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the Commission pursuant to Rule 424(b) (Section 230.424(b) of Regulation S-K) if, in the aggregate, the changes in volume and price represent no more than a 20% change in the maximum aggregate offering price set forth in the "Calculation of Registration Fee" table in the effective registration statement; and
    - (c) To include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement.
  - (2) That, for the purpose of determining any liability under the Securities Act of 1933, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of the securities at that time shall be deemed to be the initial bona fide offering thereof.
  - (3) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.
