Up to 4,898,345 Shares of Common Stock Issuable Upon Exercise of Warrants

SOBR SAFE, INC.

This prospectus relates to the resale from time to time by the selling securityholders named herein of up to 4,898,345 shares of common stock, $0.00001 par value per share (the "Common Stock"), which consists of up to 4,898,345 shares of Common Stock issuable upon the exercise of the warrants (the "Warrants") issued pursuant to that certain Inducement Offer to Exercise Common Stock Purchase Warrants dated July 15, 2026, by and between us and the selling securityholders (the "Inducement Agreement"), which includes shares of Common Stock issuable upon the exercise of Warrants issued to H.C. Wainwright & Co., LLC (or its designees and certain of their assignees).

Our Common Stock is subject to quotation on the OTC Markets OTCID tier under the symbol "SOBR." On November 13, 2026, the last reported sales price for our Common Stock was $0.036 per share. The shares of our Common Stock may be offered and sold by the selling stockholders at a fixed price of $0.036 per share until our Common Stock is quoted on the OTCQB, and thereafter at prevailing market prices or privately negotiated prices or in transactions that are not in the public market. Although we intend to pursue application for admission to the OTCQB, we cannot assure you that our Common Stock will, in fact, be quoted on the OTCQB tier.

We are a shell company as defined in Rule 405 under the Securities Act of 1933, as amended (the "Securities Act"), because we have nominal operations and our assets consist solely of a minimal amount of cash and cash equivalents. We are exploring and considering our options moving forward, however, we have no present agreements or plans with any third party to be acquired by or to acquire or merge with an operating company.

We will not receive any cash proceeds from any sale of the shares of our Common Stock by the selling securityholders. We will, however, receive the net proceeds of any Warrants exercised for cash.

We are registering the resale of shares of our Common Stock pursuant to the selling securityholders' registration rights under the Inducement Agreement and to permit the selling securityholders to sell such shares without restriction in the open market. However, the registration of the potential resale shares of our Common Stock hereunder does not necessarily mean that the selling securityholders will sell the shares. The selling securityholders or their respective transferees, pledgees, assignees, donees or other successors-in-interest may, but are not required to, sell the shares of our Common Stock offered by this prospectus from time to time. See "Plan of Distribution" on page 23 for a description of how the selling securityholders may dispose of the shares covered by this prospectus.

We will pay all expenses incident to the registration of the potential resale of the 4,898,345 shares of our Common Stock offered herein (other than for any discounts or commissions to any underwriter or broker attributable to the sale of shares of our Common Stock or any fees or expenses incurred by a holder of shares of our Common Stock that, according to the written instructions of any regulatory authority, we are not permitted to pay).

Investing in our Common Stock involves risks. SOBR Safe, Inc., currently has no operations, limited revenue, and limited assets, is in unsound financial condition, and you should not invest unless you can afford to lose your entire investment. See "Risk Factors" beginning on page 16. Neither the Securities and Exchange Commission nor any state securities commission has approved or disapproved of these securities or determined if this prospectus is truthful or complete. Any representation to the contrary is a criminal offense.

You should read this prospectus, the documents incorporated by reference into this prospectus, any free writing prospectus and the documents that we reference in this prospectus and have filed with the SEC, as exhibits to the registration statement of which this prospectus is a part with the understanding that our actual future results, levels of activity, performance and events and circumstances may be materially different from what we expect.

PROSPECTUS SUMMARY

You should read the following summary together with the more detailed information and the financial statements appearing elsewhere in this Prospectus. This Prospectus contains forward-looking statements that involve risks and uncertainties. Our actual results could differ materially from those anticipated in these forward-looking statements as a result of certain factors, including those set forth under "Risk Factors" and elsewhere in this Prospectus.

Corporate Overview

On September 19, 2011, we, as Imagine Media, Ltd., a Delaware corporation, acquired approximately 52% of the outstanding shares of TransBiotec, Inc. ("TBT"), a California corporation, from TBT's directors in exchange for 124,439 shares of our common stock. In January 2012, our Board of Directors (the "Board") amended our Certificate of Incorporation, changing our name from Imagine Media, Ltd. to TransBiotec, Inc., and we acquired approximately 45% of the remaining outstanding shares of TBT in exchange for 109,979 shares of our common stock. With the acquisitions in September 2011 and January 2012 of TBT common stock, we own approximately 99% of the outstanding shares of TBT. As a result of the acquisitions, TBT's business is our business, and, unless otherwise indicated, any references to "we" or "us" include the business and operations of TBT.

On March 9, 2020, our Board of Directors approved the amendment to our Certificate of Incorporation and stockholders holding 52% of our then outstanding voting stock approved an amendment to our Certificate of Incorporation. The Certificate of Amendment to our Certificate of Incorporation was for the purpose of, among other things, changing our name from "TransBiotec, Inc." to "SOBR Safe, Inc." The Certificate of Amendment to our Certificate of Incorporation became effective with the State of Delaware on April 24, 2020.

Pursuant to approval of an application with the OTC Markets on October 5, 2026 to quote our common stock on the OTCID Basic Market ("OTCID") under the ticker symbol "SOBR," our common stock began trading and quoted on the OTCID on October 6, 2026. Prior to this quotation, our common stock was listed on the Nasdaq Capital Market ("Nasdaq") also under the ticker symbol "SOBR."

SOBR is a shell company as defined in Rule 405 of the Securities Act, because it is a company with nominal operations and it has assets consisting solely of a minimal amount of cash and cash equivalents. We have no present agreements or plans with any third party to be acquired by or to merge with an operating company. Additionally, we have no present plans to enter into a change of control or similar transaction or change the management of the company. However, we may consider strategic opportunities that may arise in the future to help implement our strategic business goals.

The trading market in the Company's stock may be illiquid until the Company is no longer considered a shell company. As such, future investors will be unable to rely upon Rule 144 of the Securities Act to resell their securities and instead rely on another exemption from registration under the Securities Act such as Rule 4(a)(1) if no resale registration statement is effective for the resale of such securities.

Use of Form S-8 Prohibited by Shell Companies

The Securities and Exchange Commission ("SEC") prohibits reporting shell companies from using Form S-8, the form public companies use to register securities in connection with employee benefit plans under the Securities Act until 60 days after such companies cease to be shell companies and file the required information.

Additionally, the SEC requires domestic issuers that are reporting shell companies to report on Form 8-K when they cease to be shell companies and to include in that report the information that would otherwise be required in a registration statement to register a class of securities under Section 12 of the Securities Exchange Act of 1934, as amended (the "Exchange Act").

Definition of a Shell Company

A public shell company is a non-operating public company, which means a company registered, and filing periodic reports under the Exchange Act. Shell companies may exist in three possible forms:

1. A start-up company that has never achieved significant revenues and normally these companies have a rather short business history and have never acquired or managed substantial assets.

2. A former operating company that went out of business or sold all of its operations but the company's registration of its stock pursuant to the Exchange Act is still active. Normally, these companies have a long business history and have owned substantial assets at some point in their history.

3. A company that was specifically formed and registered for the purpose of being sold in a reverse shell merger, also referred to as "blank check company". These companies have normally no business history and have never acquired any assets.

Delisting of our Common Stock from Nasdaq

During the months of October 2023 and November 2023, our Common Stock traded at levels below $1.00 per share in excess of the 30-business day requirement. On November 15, 2023, we received a deficiency letter from the Listing Qualifications Department (the "Staff") of Nasdaq notifying us that, for the preceding 30 consecutive business days, the closing bid price of our Common Stock remained below the minimum $1.00 per share requirement for continued inclusion on Nasdaq (the "Bid Price Requirement"). The Company was provided an initial period of 180 calendar days, or until May 13, 2024, (the "Compliance Period") to regain compliance with the Bid Price Requirement.

On April 8, 2024, the Company received a deficiency letter from the Staff notifying the Company that, based upon the Company's Annual Report on Form 10-K for the period ended December 31, 2023, the Company is not in compliance with the minimum stockholders' equity requirement set forth in Nasdaq Listing Rule 5550(b)(1), which requires companies listed on Nasdaq to maintain a minimum of $2,500,000 in stockholders' equity for continued listing (the "Stockholders' Equity Rule"). Pursuant to Nasdaq Listing Rule 5810(d)(2), the failure to comply with the Stockholders' Equity Rule became an additional and separate basis for delisting.

On May 15, 2024, the Company received a staff determination letter (the "Determination Letter") from the Staff notifying the Company that it had not regained compliance with the Bid Price Requirement by May 13, 2024, and was not eligible for a second 180-day period due to the Company's failure to comply with the minimum stockholders' equity initial listing requirement for Nasdaq. The Company subsequently requested a hearing before the Nasdaq Hearings Panel (the "Panel") which automatically stayed any suspension or delisting action for the Company's securities pending the Panel hearing decision.

A hearing on this matter was held on July 2, 2024.

On August 5, 2024, the Company received a letter from the Panel stating that the Panel has determined to grant the request of the Company to continue its listing on the Nasdaq Stock Market subject to certain conditions enumerated therein. The Panel has determined to grant the Company's request for an exception until October 23, 2024, to regain compliance with the Bid Price Requirement and Stockholders' Equity Rule.

On October 4, 2024, the Company received a letter from the Staff notifying that the Company does not currently meet the minimum 500,000 publicly held shares requirement pursuant to Nasdaq Listing Rule 5550(a)(4) (the "Minimum Float Requirement"). As a result of the 1-for-110 reverse stock split of the Common Stock on October 2, 2024, the aggregate number of outstanding Common Stock was reduced from 34,764,593 shares on a pre-reverse-split basis to a total of 316,042 shares outstanding on a post-reverse split basis, with 285,611 of such shares currently qualifying as publicly held shares for purposes of the Minimum Float Requirement. The Staff provided us until October 11, 2024, to provide the Panel with its views with respect to this additional deficiency.

On October 9, 2024, the Company closed the Private Placement for gross proceeds of $8.2 million. The Company expected to regain compliance with the Minimum Float Requirement through the Private Placement.

As of October 31, 2025, the Company successfully exited the one-year monitoring period by the Nasdaq Listing Qualification staff which expired on October 30, 2025. Thus, the Company was no longer subject to limitations surrounding the granting of addition time periods to cure and regain compliance with applicable Nasdaq listing requirements should the Company fall out of compliance in the future.

On March 19, 2026, the Company received a deficiency letter (the "Deficiency Letter") from the Staff notifying the Company that, for the preceding 30 consecutive business days, the closing bid price of its common stock remained below the minimum $1.00 per share requirement for continued inclusion on The Nasdaq Capital Market pursuant to Bid Price Requirement.

In addition, the Deficiency Letter noted that the Company effected a 1-for-110 reverse stock split on October 2, 2024, and a 1-for-10 reverse stock split on April 4, 2025, making the cumulative reverse stock split ratio 1-for-1100 (the "Reverse Splits") over the last two years. As a result of the Reverse Splits, SOBR is not eligible for the 180-day compliance period set forth in Rule 5810(c)(3)(A) because the Reverse Splits have a cumulative ratio of over 1-for-250.

The Company timely appealed the Staff's determination and on April 28, 2026, the Company and its legal counsel attended a hearing before the Panel where it presented a plan to regain compliance with the Bid Price Requirement, and if necessary, effect a reverse stock split.

The hearing request automatically stayed any suspension or delisting action pending the expiration of any additional extension period granted by the Panel following the hearing. On May 21, 2026, the Panel granted the Company's request for continued listing on Nasdaq, subject to completion of a contemplated Merger and demonstration of compliance with Nasdaq's initial Listing Rules on or before September 15, 2026. The Panel noted that September 15, 2026 represents the full extent of the Panel's discretion to grant continued listing while the Company is non-compliant.

On August 21, 2026, the Company received an additional Staff determination letter (the "Additional Letter") notifying the Company that the Company's stockholders' equity reported on its Quarterly Report on Form 10-Q for the quarter ended June 30, 2026 as filed with the SEC on August 14, 2026, fell below the minimum stockholders' equity requirement of $2,500,000 for continued inclusion on the Nasdaq Capital Market pursuant to Nasdaq Listing Rule 5550(b)(1) (the "Equity Requirement"). The Additional Letter also noted that the Company does not meet the alternatives of market value of listed securities or net income from continuing operations.

The Additional Letter noted that the Equity Requirement deficiency was an additional basis for delisting the Company's Securities from Nasdaq. The Equity Requirement notification, coupled with the prior notification regarding the Company's failure to maintain the Bid Price Requirement, creates substantial concern regarding the Company's ability to maintain the listing of its common stock on Nasdaq. Currently, the Company's common stock remains listed on Nasdaq and will continue to trade on Nasdaq under the ticker symbol "SOBR." The Equity Requirement notification does not affect the Company's reporting requirements with the SEC.

The Additional Letter provided the Company with the ability to present its views with respect to the Equity Requirement deficiency to the Hearing Panel by August 28, 2026. Given the concerns surrounding the Company's ability to maintain the listing of its common stock on the Nasdaq Capital Market, management and the Board of Directors of the Company considered courses of action with respect to the Equity Requirement deficiency.

On September 14, 2026, the Company received a letter from the Staff notifying the Company that its common stock would be delisted from the Nasdaq Capital Market (the "Delisting Notice") at the open of trading on September 16, 2026. The Company may request that the Nasdaq Listing and Hearing Review Council review the decision to delist the Company's common stock.

As of September 16, 2026, pursuant to the Delisting Notice, the Company's common stock is no longer listed on the Nasdaq Capital Market and will no longer be traded on the Nasdaq exchange.

The Company submitted an application to be listed on the OTCID tier of the OTC Markets whereby the application was approved on October 5, 2026. Our common stock commenced quotation on the OTCID on October 6, 2026 under the ticker symbol "SOBR".

Our corporate offices are located at 6300 E. Hampden Ave., Suite C-308, Denver, Colorado 80222, telephone number (844) 762-7723.

Business Outlook and Challenges

We hold non-invasive hardware technologies which quickly and discretely track, identify and report the presence of alcohol in individuals. These technologies aim to deliver reliable, near real-time alcohol tracking solutions that support informed decision-making, promote accountability, and provide measurable value for organizations and individuals. Our non-invasive hardware technologies are integrated within a scalable and patent-pending software platform, SOBRsafe™, producing statistical, measurable business and user data. We deployed and operated the integrated hardware and software solution in a single segment designed to enable customers to purchase products directly through channel partners, sales agents or through our enterprise and consumer digital marketing channels. To that end, our SOBRsafe software solution, along with our patent-pending integrated hardware devices, SOBRcheck™ and SOBRsure®, can be used to provide non-invasive alcohol tracking and identity verification, and combined to create a robust solution that has current and potential applications in:

- Behavioral health and wellness
- Licensing and integration
- Commercial environments, including but not limited to oil and gas, fleet management, telematics, ride share programs, and general workplace safety
- Individual consumer use, including co-parenting trust and personal accountability

The SOBRcheck device is a patent-pending, touch-based identity verification and alcohol tracking solution. Users place two fingers on the device sensors, one compares biometric data points from the finger to confirm identity, while the other senses alcohol contained in perspiration emitted through the pores of the fingertip. The touch-based device connects to the SOBRsafe software solution to collect, present and communicate data collected to subscribed parties.

The SOBRsure device is a patent-pending, fitness-style wearable band with a personal alcohol awareness tracking solution intended for discrete, low-profile and voluntary use providing qualified, real-time alcohol tracking and GPS tracking. The wearable band is a device which includes a contained sensor which senses alcohol contained in perspiration emitted through the pores of the skin. The wearable band connects to a mobile device via Bluetooth communication where the SOBRsafe mobile application collects and transmits data to the SOBRsafe software solution. The SOBRsure device provides passive, qualified, real-time alcohol insights to administrators, parents and more, and also includes device removal and service interruption notifications.

The SOBRsafe technology can also be deployed across numerous additional devices for various uses and are currently exploring possible integrations with existing systems and licensing by third parties.

We believe the device and software portfolio approach could yield a substantial repository of user data – a potentially monetizable asset for statistical analytics. The opportunity to collect data points over time could enable the development of business and insurance liability benchmarking, through artificial intelligence ("AI"), powerful guidance for perpetual safety improvement and associated economic cost savings capture. By demonstrating substance-free environments, organizations could deliver a data-driven argument for a reduction in annual insurance premiums. Potential partnerships with insurance providers to mandate use of the SOBRsafe devices and/or technology may provide additional use for collected data points.

During fiscal periods 2025 and 2026, as in prior years, design, manufacturing, quality testing and distribution for all SOBRsafe integrated devices has taken place in the United States.

The brand, products and software services have gained awareness and recognition through robust marketing platforms and campaigns, trade shows, media exposure, social media and product demonstrations.

Since inception we have generated significant losses from operations and anticipate that we will continue to generate significant losses for the foreseeable future. Future livelihood and success of the Company is dependent on access additional capital or the completion of a potential merger. Additional capital will be required under the following circumstances: 1) to offset negative cash flows to regenerate operations, 2) to accelerate customer acquisition, thereby increasing capital outlay, 3) for advanced purchasing of materials to repopulate inventories, 4) for the continued development of current technologies and acquisition of new technology, and 5) for potential merger or acquisition of key assets.

On April 24, 2026, the Company entered into an Agreement and Plan of Merger and Reorganization with Clean World Ventures, Inc. ("CWV") and SOBR Safe Merger Sub Inc., its wholly owned subsidiary, pursuant to which the subsidiary will merge with and into CWV, with CWV surviving as a wholly owned subsidiary of the Company (the "Merger"). As disclosed on the Company's Current Report on Form 8-K filed with the SEC on July 10, 2026, the Company discontinued the production of its legacy products at the end of July 2026 to focus capital resources on completing the Merger.

Further, as disclosed on the Company's Current Report on Form 8-K as filed with the SEC on September 17, 2026, the Company, CWV, SOBR Safe Merger Sub Inc. and the Principal terminated the Merger Agreement by entering into a Mutual Termination Agreement and Release (the "Termination Agreement") whereby the Termination Agreement also provides for the mutual release by all parties of claims relating to the Merger Agreement.

Marketing

We have developed and deployed a marketing plan that includes:

- consumer and enterprise e-commerce web-solutions
- search engine optimization (SEO) and search engine marketing (SEM)
- digital and social media campaigns
- online paid advertising placements
- brand ambassadors, affiliate partners and social media influencers,
- public relations initiatives and trade shows
- direct business to business target campaigns,
- alcohol detection/testing channel partners,
- territorial sales agents,
- advocacy group alignment,
- ongoing brand development and
- continuous pursuit of cutting-edge technologies for future integration.

As of June 30, 2026, the sales and marketing efforts, serving business customers with SOBRsafe™ technology solutions, including the SOBRcheck™ and SOBRsure™ devices has been discontinued. The Company continued to service existing customers through the end of July 2026 with all product sales effort ceased and software services terminated at the end of the monthly period.

Government Regulation

As the integrated technology and software utilize a unique "Pass/Fail" methodology that simply alerts to the presence of alcohol (as opposed to measuring a discrete BrAC) - information that may be used at the discretion of the employer (or counselor, parent, etc.) - we do not believe the functionality of our devices will be subject to any government regulation in the targeted alcohol detection markets. The marketing and branding for the products being sold in certain verticals including Behavioral Health, Justice, Alcohol Rehabilitation, Consumer, Facility & Fleet, or Young Driver markets, will be subject to scrutiny regarding the intended use of the hardware and software solutions. In the Judicial market, regulations vary significantly by state; some states only allow for the use of certain methodologies like breath or urine, while others do not specify and there exists no regulated barrier to entry for a transdermal solution.

Human Capital Resources and Employees

As of November 13, 2026, there are a total of two full-time employees, being Company officers Chairman/Chief Executive Officer/Secretary, David Gandini, and Chief Financial Officer/Treasurer, Christopher Whitaker.

Oversight and Management

Our executive officers are tasked with leading our organization in managing employment-related matters, including recruiting and hiring, onboarding and training, compensation planning and talent management and development. We are committed to providing team members with the training and resources necessary to continually strengthen their skills. Our executive team is responsible for periodically reviewing development and training programs, diversity efforts, business ethics and compliance training, team member benefit programs and initiatives, including healthcare and other benefits, as well as our management development and succession planning practices. Management periodically reports to the Board and the Compensation Committee regarding our human capital measures and results that guide how we attract, compensate, retain and develop a workforce to enable our business strategies.

Reverse Stock Split

On March 30, 2025, the Company filed a Certificate of Amendment to the Company's Certificate of Incorporation, as previously amended, with the Secretary of State of the State of Delaware for the purpose of effecting a 1-for-10 reverse stock split of the Company's Common Stock.

On April 4, 2025, the Certificate of Amendment became effective with the State of Delaware and began trading on a post-split basis as of market open on April 4, 2025. As a result of the reverse stock split, every 10 shares of the outstanding Common Stock prior to the effect of the Certificate of Amendment was combined and reclassified into one share of the Common Stock.

The reverse stock split did not have any impact on the number of authorized shares of Common Stock which remains at 100,000,000 shares.

Recent Developments

During the six months ended June 30, 2026, the following developments occurred:

- Conducted a pricing analysis across priority customer segments with the highest purchase propensity to optimize hardware and software pricing strategy and support margin expansion.
- Refined core marketing campaigns based on targeted market research insights to improve customer acquisition efficiency and conversion within high-intent segments.
- Updated marketing and sales materials to align with applicable U.S. Food and Drug Administration ("FDA") general wellness guidance and conducted compliance training for employees and external partners, reducing regulatory risk and supporting scalable commercialization.
- In connection with the deficiency letter issued by Nasdaq on March 19, 2026 and the request filed by the Company for a hearing with the Nasdaq Hearings Panel, on April 28, 2026, the Company presented its plan to regain compliance with the minimum $1.00 per share requirement (the "Bid Price Requirement") and requested the continued listing of its securities on The Nasdaq Capital Market pending such compliance.
- On April 24, 2026, the Company entered into an Agreement and Plan of Merger and Reorganization with Clean World Ventures, Inc. ("CWV"), SOBR Safe Merger Sub Inc., its wholly owned subsidiary ("MergerSub"), and Roy DiBenerdini ("Principal") pursuant to which the subsidiary will merge with and into CWV, with CWV surviving as a wholly owned subsidiary of the Company. The transaction is intended to qualify as a tax-free reorganization under Section 368(a) of the Internal Revenue Code. Upon completion of the merger, CWV equity holders will receive shares of the Company's common stock in exchange for their CWV shares, and CWV equity awards will be converted into comparable Company awards; the Company expects to issue approximately 589,388,108 shares to CWV equity holders, as compared to 2,876,562 shares of the Company's common stock outstanding as of June 8, 2026. On a pro forma basis, CWV stockholders are expected to own approximately 98% of the combined company, with existing Company stockholders owning approximately 2%. For accounting purposes, the transaction is expected to be treated as an in-substance reverse recapitalization, with CWV as the accounting acquirer. The transaction is subject to customary closing conditions, including approval by the stockholders of both companies, Nasdaq's confirmation that the combined company will satisfy its initial listing requirements, the effectiveness of a registration statement on Form S-4, and completion of a CWV Pre-Closing Financing of approximately $22.0 million at $2.42 per share. The merger has been approved by the board of directors of both companies. Upon closing, CWV is expected to designate the board of directors and management of the combined company. The Merger Agreement will terminate if the merger is not completed on or before October 15, 2026.
- On May 7, 2026, in connection with the Merger Agreement, the Company committed to and commenced a restructuring plan to reduce operating costs and better align its workforce with its business following the CWV transaction. Under the plan, the Company plans to reduce its workforce by 11 employees (approximately 70%), which is expected to decrease annual operating costs by approximately $1.6 million. The Company estimated it would incur aggregate restructuring charges of approximately $105,000, primarily related to severance and other employee-related costs and contract termination costs, recorded and paid primarily during the second quarter of 2026.
- On May 21, 2026, the Company received a letter from the Nasdaq Hearings Panel granting the Company's request for continued listing until September 15, 2026, in order to allow the Company to regain compliance with the Bid Price Requirement. The Company's request for continued listing of its securities on The Nasdaq Capital Market until September 15, 2026 was granted subject to the condition that on or before September 15, 2026, the Company shall complete the proposed business combination with CWV, and demonstrate compliance with Nasdaq's Initial Listing Rules.
- On June 9, 2026, the Company filed a registration statement with the SEC on Form S-4 in connection with the Merger.

Subsequent to the six-months ended June 30, 2026, the following developments occurred:

- On July 10, 2026, the Board of Directors approved and committed to a plan to discontinue the Company's revenue-generating alcohol monitoring and detection hardware and software operations, effective July 31, 2026. The plan includes the cessation of manufacturing and sales of the Company's SOBRcheck and SOBRsure devices, termination of related SOBRsafe software support agreements, further workforce reductions (following a reduction of three employees in June 2026), and termination of the Company's corporate office lease. The Company estimates these actions will reduce annual operating expenses by approximately $1.2 million, against estimated aggregate exit costs of approximately $50,000, consisting primarily of severance and other employee-related costs, agreement termination costs, and corporate office decommissioning costs. The charges and costs associated with this plan are subject to a number of assumptions, and actual results may differ materially. This action is intended to preserve cash to support completion of the Company's proposed business combination with CWV.
- On July 15, 2026, the Company entered into a warrant inducement agreement with certain holders of existing warrants to purchase an aggregate of 2,360,648 shares of common stock (originally issued under the Securities Purchase Agreement dated December 24, 2025, consisting of Series C and Series D Warrants, each with an exercise price of $1.30 per share). The holders agreed to exercise these warrants for cash in exchange for the Company's issuance of new Series E Warrants (to purchase up to 2,580,648 shares) and Series F Warrants (to purchase up to 2,140,648 shares), each with an exercise price of $1.30 per share. The transaction closed on July 16, 2026, generating gross proceeds of approximately $3.1 million before deducting placement agent fees and offering expenses payable to the exclusive placement agent. The Company intends to use the net proceeds for working capital and general corporate purposes. The Company engaged H.C. Wainwright & Co., LLC to act as its exclusive placement agent in connection with the transactions contemplated by the Inducement Agreement and paid the placement agent a cash fee of 7.5% of the gross proceeds, a 1.0% management fee, accountable expenses of $50,000, non-accountable expenses of $35,000, and a clearing fee of $15,950. The Company also issued placement agent warrants to purchase up to 177,049 shares of common stock, which have the same terms as the Series E Warrants except the placement agent warrants have an exercise price equal to $1.625 per share, and to file a registration statement covering resale of the shares underlying the new warrants within 30 days of the agreement date. Additionally, upon exercise for cash of any Series E Warrants and Series F Warrants, the Company has agreed in certain circumstances to pay the placement agent a cash fee of 7.5% of the aggregate gross exercise price paid in cash with respect the exercise of such warrants, a management fee of 1.0% of the aggregate gross exercise price paid in cash with respect to such warrants and to issue additional placement agent warrants representing 7.5% of the shares of Common Stock underlying such warrants.
- On August 21, 2026, the Company received an additional staff determination letter (the "Additional Letter") from the Listing Qualifications Department (the "Staff") of Nasdaq notifying the Company that the Company's stockholders' equity reported on its Quarterly Report on Form 10-Q for the quarter ended June 30, 2026 as filed with the Securities and Exchange Commission on August 14, 2026, fell below the minimum stockholders' equity requirement of $2,500,000 for continued inclusion on the Nasdaq Capital Market pursuant to Nasdaq Listing Rule 5550(b)(1) (the "Equity Requirement"). The Additional Letter also noted that the Company does not meet the alternatives of market value of listed securities or net income from continuing operations. The Equity Requirement notification, coupled with the prior notification regarding the Company's failure to maintain the Bid Price Requirement, creates substantial concern regarding the Company's ability to maintain the listing of its common stock on the Nasdaq Capital Market. Currently, the Company's common stock remains listed on the Nasdaq Capital Market and will continue to trade on Nasdaq under the ticker symbol "SOBR." The Equity Requirement notification does not affect the Company's reporting requirements with the Securities and Exchange Commission. See *Risk Factors* beginning on page 16 for additional information.
- On August 21, 2026, Mr. Ford Fay notified the Board of his resignation from the Board effective immediately. His decision to resign from the Board was not related to any disagreement with the Company on any matter relating to its operations, policies or practices.

- On September 14, 2026, the Company received a letter from the Staff notifying the Company that its common stock would be delisted from the Nasdaq Capital Market (the "Delisting Notice") at the open of trading on September 16, 2026. The Company's common stock commenced quotation on the OTC Markets with the same ticker symbol of "SOBR". The Company has submitted an application to be listed on the OTCID tier of the OTC Markets and expects to be approved for quotation of its common stock on the OTCID tier of the OTC Markets in the coming weeks.
- On September 17, 2026, the Company, CWV, Merger Sub, and Principal terminated the Merger Agreement by entering into a Mutual Termination Agreement and Release (the "Termination Agreement") effective as of the same date. The Termination Agreement also provides for the mutual release by the Parties of claims with respect to, pertaining to, based on, arising out of, resulting from, or relating to the Merger Agreement, all ancillary documents related to the Merger Agreement and the transactions contemplated by the Merger Agreement, except for any claims for breach of the Termination Agreement or the Mutual Non-Disclosure Agreement entered into between the Company and CWV, dated as of April 6, 2026 (the "NDA"). The Parties have agreed to continue to be bound by the terms of the NDA.
- On September 18, 2026, the Company withdrew its registration statement on Form S-4 as originally filed on July 9, 2026.
- On September 22, 2026, the Board approved retention bonuses for certain of its directors in order to induce the directors to continue on with the Company through its annual stockholder meeting for 2026 or November 30, 2026, whichever occurs sooner. Previously, on August 18, 2026, the Board approved but did not pay out bonuses for certain of its directors. The total amount of the retention bonuses (the "Retention Bonuses"), payable to each participating director is set forth in the table below. The Retention Bonuses are subject to the terms of a Continuation Offer Letter ("Retention Letter"). Pursuant to the Retention Letter, payments of the Retention Bonuses will be made in two installments, with 60% of the Retention Bonus due within 10 days of September 22, 2026, and the remaining 40% of the Retention Bonus due on November 30, 2026, provided the 2026 Annual Meeting (as defined in Item 8.01 below) has occurred. The 40% payment of the Retention Bonus is also subject to the participating director's execution of a Release Agreement (the "Director Release Agreement").
- On September 23, 2026, the Company announced that the Company's 2026 Annual Meeting of Stockholders (the "2026 Annual Meeting") will be held on Monday, November 2, 2026. Stockholders of record at the close of business on September 23, 2026 will be entitled to notice of, and to vote at, the 2026 Annual Meeting.
- On September 25, 2026, the Company filed a Current Report on Form 8-K announcing that because of the termination of the Company's business activities, and the reduction in workforce, along with the significant reduction in Company assets as reflected in the Company's Quarterly Report on Form 10-Q for the quarter ended June 30, 2026 filed on August 14, 2026, management and the Board determined that the Company meets the definition of a "shell company" under Rule 12b-2 of the Exchange Act.
- On October 2, 2026, the Company filed a Current Report on Form 8-K announcing that the Board determined to postpone the 2026 Annual Meeting until a later date.

RISK FACTORS

Any investment in our securities involves a high degree of risk. You should consider carefully the following information, together with the other information contained in this Prospectus and in the "*Risk Factors*" section of the 2025 Form 10-K, our Quarterly Report on Form 10-Q for the quarter ended March 31, 2026, and our Quarterly Report on Form 10-Q for the quarter ended June 30, 2026, each of which has been filed with the SEC and is incorporated by reference into this prospectus, before you decide to buy our Common Stock. The following risks and risk factors incorporated by reference are material risks that we face. If any of the events or developments discussed below or in our documents incorporated by reference occur, our business, our ability to achieve revenues, our operating results and our financial condition could be seriously harmed. In such an event, the fair value of our Common Stock could decline, and you could lose all or part of your investment. Additional risks and uncertainties not presently known to us or that we currently deem immaterial also may impair our operations.

Risks Related to the Company

The Company's Common Stock was delisted from Nasdaq on September 16, 2026, and we are limited in our ability to regain compliance. which may have a material adverse effect on us and our stockholders.

We have not been able to maintain our listing on Nasdaq, which may have a material adverse effect on us and our stockholders. The delisting of our Common Stock from Nasdaq could negatively impact us by (i) reducing the liquidity and market price of our Common Stock; (ii) reducing the number of investors willing to hold or acquire our Common Stock, which could negatively impact our ability to raise equity financing; (iii) impacting our ability to use a registration statement to offer and sell freely tradable securities, thereby preventing or limiting us from accessing the public capital markets; and (iv) impairing our ability to provide equity incentives to our employees. In addition, it is likely that there may be decreases in institutional and other investor demand for the shares, coverage by securities analysts, market making activity and information available concerning trading prices and volume; and fewer broker dealers willing to execute trades in our Common Stock. The occurrence of any of these events could result in a further decline in the market price of the Company's common stock and may have a material adverse effect on the Company.

Because our Common Stock was delisted from Nasdaq, it is subject to the penny stock rules, which, absent an exemption, makes it more difficult to trade our shares.

The SEC has adopted regulations which define a "penny stock" to be any equity security that has a market price (as therein defined) of less than $5.00 per share or an exercise price of less than $5.00 per share, subject to certain exceptions. Unless exempt, the rules require the delivery, prior to any transaction involving a penny stock by a retail customer, of a disclosure schedule prepared by the SEC relating to the penny stock market. Disclosure is also required to be made about commissions payable to both the broker/dealer and the registered representative and current quotations for the securities. Finally, monthly statements are required to be sent disclosing recent price information for the penny stock held in the account and information on the limited market in penny stocks. As long as the market price for shares of our Common Stock is below $5.00, and we do not satisfy any of the exemptions to the SEC's definition of penny stock, our Common Stock will be classified as a penny stock and as a result of the penny stock restrictions, brokers or potential investors may be reluctant to trade in our securities, which may result in less liquidity for our securities.

There is currently a limited public market for our Common Stock, and an active, liquid trading market may never develop or be sustained.

Our Common Stock is currently quoted on the OTCID tier of the OTC Markets under the symbol "SOBR," where trading in our shares has historically been limited and sporadic. The shares covered by this prospectus are not listed on any national securities exchange. We do not have any plans to re-list our Common Stock on any national securities exchange as per the discretion of the Board. There can be no assurance that an active and liquid trading market for our Common Stock will develop or be sustained, or that any listing application will be made or, if made, approved. Securities traded on the OTC Markets generally have less liquidity and greater price volatility than securities of larger, more established companies. As a result, investors may find it difficult to buy or sell our shares at desired times or prices, and the sale of a relatively small number of shares could significantly impact the market price.

The shares may be sold under this prospectus only at a fixed price of $0.036 per share, which may be higher than the prevailing market price of our Common Stock.

Our Common Stock is quoted on the OTCID, which is not an established trading market for purposes of Item 501(b)(3) of Regulation S-K. As a result, the shares may be sold under this prospectus only at a fixed price of $0.036 per share until our Common Stock is quoted on the OTCQB tier of OTC Markets or another established trading market. If the market price of our Common Stock is below the fixed price, a purchaser at the fixed price would pay more than the price at which our Common Stock is then quoted. Trading in our Common Stock has been limited and sporadic; on November 13, 2026, the last reported sale price was $0.036 per share.

The Company is a shell company and as such stockholders cannot reply on the exemption pursuant to Rule 144 for the resale of their shares until certain conditions are met.

We are a shell company as defined under Rule 405 of the Securities Act as a registrant that has no or nominal operations and either no or nominal assets, or assets consisting only of cash or cash equivalents and/or other nominal assets. As securities issued by a shell company, the securities issued by us can only be resold pursuant to an effective registration statement by for the sale of such securities or utilizing the provisions of Rule 144 once certain conditions are met, including that: (i) we have ceased to be a shell company; (ii) we are subject to the reporting requirements of Section 13 or 15(d) of the Exchange Act; (iii) we have filed all required reports under the Exchange Act of the preceding 12 months; and (iv) one year has elapsed since we filed "Form 10" information (e.g. audited financial statements, management information and compensation, stockholder information, etc.).

Thus, an investor in our common stock will not be able to sell his, her or its shares until such time as a registration statement for those shares is filed or we have ceased to be a shell company either by effecting a business combination or by developmental growth, we have remained current on its Exchange Act filings for 12 months and we have filed the information as would be required by a "Form 10" filing.

Furthermore, as a shell company, we will not become eligible to use Form S-8 to register offerings of our securities until 60 calendar days after we cease to be a shell company and we file information equivalent to what it would be required to file if we filed Form 10 information with the SEC.

These shell restrictions will negatively impact our ability to raise additional capital through subsequent unregistered offerings.

SOBR's bylaws designate the Court of Chancery of the State of Delaware as the exclusive forum for certain actions, which may limit SOBR's stockholders' ability to obtain a favorable judicial forum for disputes with SOBR or SOBR's directors, officers or employees.

SOBR's bylaws provide that, unless SOBR consents in writing to the selection of an alternative forum, the Court of Chancery of the State of Delaware will be the sole and exclusive forum for certain actions and proceedings, including derivative actions brought on SOBR's behalf, actions asserting claims for breach of fiduciary duty by any of SOBR's directors, officers or other employees, actions arising under the Delaware General Corporation Law or SOBR's certificate of incorporation or bylaws, and actions governed by the internal affairs doctrine. This provision may limit a stockholder's ability to bring a claim in a judicial forum that such stockholder finds favorable for disputes with SOBR or SOBR's directors, officers or other employees, which may discourage lawsuits against SOBR and such persons. In addition, requiring claims to be brought exclusively in Delaware may result in increased costs for stockholders to bring a claim, including travel, counsel and other litigation-related expenses, particularly for stockholders located outside Delaware. There is also uncertainty as to whether a court would enforce this exclusive forum provision in all circumstances. If a court were to find the exclusive forum provision inapplicable or unenforceable in an action, SOBR may incur additional costs associated with resolving the dispute in another jurisdiction, and the outcome of such action may be less predictable, which could adversely affect SOBR's business, financial condition and results of operations.

The Company has not filed federal or state tax returns since 2012. The Company may be subject to penalties, fines, or interest which may have an adverse effect on the Company's ability to operate and impair the Company's corporate good standing in respective jurisdictions.

We have not filed federal or state tax returns since 2012. Our failure to timely file tax returns or comply with applicable tax laws could result in significant penalties, fines, and interest, and could cause disruptions to our business. If we experience further delays or failures in filing our tax returns, our reputation, financial condition, and stock price could be materially and adversely affected. Further regulatory scrutiny may result in potential audits, liens, levies, or require other compliance conditions and actions by respective tax authorities. Additionally, such failures may lead to a conclusion that our internal control over financial reporting is ineffective.

Potential financial penalties for failure to file tax returns may be imposed by tax authorities in respective jurisdictions. Failure to pay penalties may be assessed and include up to 5% per month up to 25% of unpaid federal taxes due plus daily compounding interest. Gaining compliance with federal or state tax authorities may result in professional remediation costs including engaging legal and tax expertise. Further, we may face risk of suspension or revocation of corporate good standing in respective operating jurisdictions.

Since 2012, the Company has continued to incur annual net operating losses ("NOLs") estimated to be approximately $58.6 million which have been fully reserved on the December 31, 2025 Balance Sheet under Generally Accepted Accounting Principles in the United States as we do not have reasonable expectation these NOLs will be utilized upon filing delinquent tax returns nor will the Company generate net operating income for the foreseeable future.

Changes in federal and state tax laws, including those introduced by the One Big Beautiful Bill Act ("OBBBA") in July 2025, or future legislation, could limit our ability to utilize our NOLs or other tax attributes to offset future taxable income as a result of our failure to file. By failing to file tax returns, we may be unable to fully realize the benefit of our NOLs, or if tax law changes, reduce their value, our future cash tax expense, effective tax rate, and results of operations could be materially adversely affected.

Risks Related to this Offering

The selling securityholders may sell their shares of Common Stock in the open market, which may cause our stock price to decline.

The selling securityholders may sell their shares of Common Stock being registered in this offering in the public market. That means that up to 4,898,345 shares of Common Stock issuable upon the exercise of the Warrants may be sold in the public market if the selling securityholders exercise all of the Warrants. Such sales will likely cause our stock price to decline.

Sale of our Common Stock by the selling securityholders could encourage short sales by third parties, which could contribute to the further decline of our stock price.

The significant downward pressure on the price of our Common Stock caused by the sale of material amounts of Common Stock could encourage short sales by third parties. Such an event could place further downward pressure on the price of our Common Stock.

USE OF PROCEEDS

This Prospectus relates to shares of our Common Stock owned by the selling securityholders and the shares of Common Stock that may be acquired by the selling securityholders due to the exercise of their Warrants. We will not receive any proceeds from the sale of shares of Common Stock in this offering. We have agreed to pay all costs, expenses, and fees relating to the registration of the securities covered by this prospectus. The selling securityholders will bear all commissions and discounts, if any, attributable to their sale of shares of our Common Stock. We may receive proceeds from any cash exercise of the Warrants to the extent they are not exercised on a cashless basis. *See the section entitled "Plan of Distribution" of this prospectus for additional information*. The shares of Common Stock covered by this prospectus may be offered and sold by the selling stockholders at the fixed price of $0.036 per share until our Common Stock is quoted on the OTCQB, and thereafter at prevailing market prices or privately negotiated prices or in transactions that are not in the public market or as otherwise described in "Plan of Distribution". Although we intend to pursue application for admission to the OTCQB, we cannot assure you that our Common Stock will, in fact, be quoted on the OTCQB tier and no assurance that a market maker will agree to file the necessary documents with the Financial Industry Regulatory Authority ("FINRA") to enable our shares to trade.

SELLING SECURITYHOLDERS

The shares of our Common Stock being offered by the selling securityholders 4,898,345 shares of Common Stock issuable upon the exercise of the Warrants. For additional information regarding the issuance of the shares of Common Stock, see "Prospectus Summary" above. We are registering the resale of the Common Stock and shares of our Common Stock issuable upon exercise of the Warrants in order to permit the selling securityholders to offer the shares of our Common Stock for resale from time to time. Except as set forth in this prospectus and for the ownership of the Common Stock and the Warrants, the selling securityholders have not had any material relationship with us within the past three years.

The table below lists the selling securityholders and other information regarding the beneficial ownership of the shares of Common Stock by each of the selling securityholders.

The second column lists the number of shares of Common Stock beneficially owned by each selling securityholder, based on its ownership of the shares of Common Stock and warrants, as of November 13, 2026, assuming exercise of the Warrants held by the selling securityholders on that date, without regard to any limitations on exercises.

The third column lists the shares of Common Stock being offered by this prospectus by the selling securityholders. This prospectus generally covers the resale of the sum of (i) the number of shares of Common Stock issued to the selling securityholders in the "Warrant Inducement" described above and (ii) the maximum number of shares of Common Stock issuable upon exercise of the related warrants, determined as if the outstanding warrants were exercised in full as of the trading day immediately preceding the date this registration statement was initially filed with the SEC, each as of the trading day immediately preceding the applicable date of determination and all subject to adjustment as provided in the registration rights agreement, without regard to any limitations on the exercise of the warrants.

The fourth column assumes the sale of all of the Common Stock offered by the selling securityholders pursuant to this prospectus.

Under the terms of the Warrants, a selling securityholder may not exercise the Warrants to the extent such exercise would cause such selling securityholder, together with its affiliates and attribution parties, to beneficially own a number of shares of Common Stock which would exceed 4.99% or 9.99%, as applicable, of our then outstanding Common Stock following such exercise, excluding for purposes of such determination shares of Common Stock issuable upon exercise of the warrants that have not been exercised. The number of Common Stock in the second column does not reflect this limitation. The selling securityholders may sell all, some or none of their Common Stock in this offering. See "Plan of Distribution."

PLAN OF DISTRIBUTION

The selling shareholders may sell all or a portion of the shares held by them and offered hereby from time to time directly or through one or more broker-dealers or agents. If the shares are sold through broker-dealers or agents, the selling shareholders will be responsible for commissions. The shares will be offered and sold at a fixed price of $0.036 per share for the duration of this offering, until such time as our Common Stock is listed on a national securities exchange or quoted on the OTCQX or OTCQB tier of OTC Markets or another established trading market, at which time the shares may be sold at prevailing market prices, at prices related to prevailing market prices or at privately negotiated prices. For so long as the fixed price applies, the selling shareholders and any broker-dealer or agent acting on their behalf will sell the shares only at that fixed price. These sales may be effected pursuant to one or more of the following methods:

Each selling securityholder of the securities and any of their respective transferees, pledgees, assignees, donees and successors-in-interest may, from time to time, sell any or all of their securities covered hereby directly or through one or more broker-dealers or agents. If the shares are sold through broker-dealers or agents, the selling securityholder will be responsible for commissions. The shares will be offered and sold at a fixed price of $0.036 per share for the duration of this offering, until such time as our Common Stock is quoted on the OTCQB tier of OTC Markets or another established trading market, at which time the shares may be sold at prevailing market prices, at prices related to prevailing market prices or at privately negotiated prices. For so long as the fixed price applies, the selling securityholders and any broker-dealer or agent acting on their behalf will sell the shares only at that fixed price. These sales may be effected pursuant to one or more of the following methods:

- in the over-the-counter market, or on any national securities exchange or quotation service on which the shares may be listed or quoted at the time of sale;
- privately negotiated transactions;
- settlement of short sales;
- in transactions through broker-dealers that agree with the selling securityholders to sell a specified number of such securities at a stipulated price per security;
- a combination of any such methods of sale; or
- any other method permitted pursuant to applicable law.

Because the Company is considered a “shell” company pursuant to Rule 405 of the Securities Act, the selling securityholders may not rely upon Rule 144 to resell their securities and must instead rely on another exemption from registration under the Securities Act such as Rule 4(a)(1) or any other exemption from registration under the Securities Act if available, rather than under this prospectus.

Broker-dealers engaged by the selling securityholders may arrange for other brokers-dealers to participate in sales. Broker-dealers may receive commissions or discounts from the selling securityholders (or, if any broker-dealer acts as agent for the purchaser of securities, from the purchaser) in amounts to be negotiated, but, except as set forth in a supplement to this Prospectus, in the case of an agency transaction not in excess of a customary brokerage commission in compliance with FINRA Rule 2121; and in the case of a principal transaction a markup or markdown in compliance with FINRA Rule 2121.

In connection with the sale of the securities or interests therein, the selling securityholders may enter into hedging transactions with broker-dealers or other financial institutions, which may in turn engage in short sales of the securities in the course of hedging the positions they assume. The selling securityholders may also sell securities short and deliver these securities to close out their short positions, or loan or pledge the securities to broker-dealers that in turn may sell these securities. The selling securityholders may also enter into option or other transactions with broker- dealers or other financial institutions or create one or more derivative securities which require the delivery to such broker-dealer or other financial institution of securities offered by this prospectus, which securities such broker-dealer or other financial institution may resell pursuant to this prospectus (as supplemented or amended to reflect such transaction).

The selling securityholders and any broker-dealers or agents that are involved in selling the securities may be deemed to be “underwriters” within the meaning of the Securities Act in connection with such sales. In such event, any commissions received by such broker-dealers or agents and any profit on the resale of the securities purchased by them may be deemed to be underwriting commissions or discounts under the Securities Act. Each selling securityholder has informed the Company that it does not have any written or oral agreement or understanding, directly or indirectly, with any person to distribute the securities.

The Company is required to pay certain fees and expenses incurred by the Company incident to the registration of the securities. The Company has agreed to indemnify the selling securityholders against certain losses, claims, damages and liabilities, including liabilities under the Securities Act.

DESCRIPTION OF SECURITIES

The following summary describes our common stock and the material provisions of our Certificate of Incorporation, our bylaws, and of the Delaware General Corporation Law (the "DGCL"). Because the following is only a summary, it does not contain all of the information that may be important to you. For a complete description, you should refer to our certificate of incorporation and bylaws. We encourage you to read those documents and the DGCL carefully.

Authorized Capital Shares

Our authorized capital stock consists of 100,000,000 shares of Common Stock, and 25,000,000 shares of blank check preferred stock, par value $0.00001 per share, of which 3,000,000 shares are designated as Series A Convertible Preferred Stock, 2,700,000 shares are designated as Series A-1 Convertible Preferred Stock, and 3,000,000 shares are designated as Series B Convertible Preferred Stock.

As of November 13, 2026, the Company had 5,387,227 shares of common stock issued and 5,387,210 shares of common stock outstanding, and no shares of Series A Convertible Preferred Stock, Series A-1 Convertible Preferred Stock, or Series B Convertible Preferred Stock issued and outstanding.

Common Stock

The holders of our Common Stock are entitled to one vote for each share held on all matters submitted to a vote of the stockholders. The holders of our Common Stock do not have any cumulative voting rights. Holders of our Common Stock are entitled to receive ratably any dividends declared by our board of directors out of funds legally available for that purpose, subject to any preferential dividend rights of any outstanding preferred stock. We have not paid any dividends on our Common Stock and do not contemplate doing so in the foreseeable future. Our Common Stock has no preemptive rights, conversion rights or other subscription rights or redemption or sinking fund provisions.

In the event of our liquidation, dissolution or winding up, holders of our Common Stock will be entitled to share ratably in all assets remaining after payment of all debts and other liabilities and any liquidation preference of any outstanding preferred stock. Each outstanding share of Common Stock is duly and validly issued, fully paid and non-assessable.

As reported on the Form 8-K we filed with the SEC on April 4, 2025, as approved by our stockholders and board of directors on March 31, 2025, we filed a Certificate of Amendment to our Certificate of Incorporation, for the purpose of effecting a 1-for-10 reverse stock split of our Common Stock, which amendment became effective as of 12:01 a.m. Eastern time on April 4, 2025.

Penny Stock

Because our Common Stock was delisted from Nasdaq, it is subject to the penny stock rules, which, absent an exemption, makes it more difficult to trade our shares. Please see our Risk Factor at page 16 which describes how our shares of Common Stock are affected by the penny stock restrictions, and that brokers or potential investors may be reluctant to trade in our shares of Common Stock, which may result in less liquidity for our Common Stock.

Preferred Stock

Our board is authorized by our certificate of incorporation to establish classes or series of preferred stock and fix the designation, powers, preferences and rights of the shares of each such class or series and the qualifications, limitations or restrictions thereof without any further vote or action by our stockholders. Any shares of preferred stock so issued could have priority over our Common Stock with respect to dividend or liquidation rights. Any future issuance of preferred stock may have the effect of delaying, deferring or preventing a change in our control without further action by our stockholders and may adversely affect the voting and other rights of the holders of our Common Stock.

The issuance of shares of preferred stock, or the issuance of rights to purchase such shares, could be used to discourage an unsolicited acquisition proposal. For instance, the issuance of a series of preferred stock might impede a business combination by including class voting rights that would enable a holder to block such a transaction. In addition, under certain circumstances, the issuance of preferred stock could adversely affect the voting power of holders of our Common Stock. Although our board is required to make any determination to issue preferred stock based on its judgment as to the best interests of our stockholders, our board could act in a manner that would discourage an acquisition attempt or other transaction that some, or a majority, of our stockholders might believe to be in their best interests or in which such stockholders might receive a premium for their stock over the then market price of such stock.

Effect of Certain Provisions of Our Bylaws

Our bylaws contain provisions that could have the effect of delaying, deferring, or discouraging another party from acquiring control of us. These provisions and certain provisions of Delaware law, which are summarized below, could discourage takeovers, coercive or otherwise.

Our bylaws provide for our Board of Directors to be divided into three classes serving staggered terms. Approximately one-third of the Board of Directors will be elected each year. This method of electing directors makes changes in the composition of the Board of Directors more difficult, and thus a potential change in control of a corporation a lengthier and more difficult process. A classified board of directors is designed to assure continuity and stability in a board of directors' leadership and policies by ensuring that at any given time a majority of the directors will have prior experience with our Company and be familiar with our business and operations.

The classified board structure may increase the amount of time required for a takeover bidder to obtain control of the Company without the cooperation of our Board of Directors, even if the takeover bidder were to acquire a majority of the voting power of our outstanding common stock. Without the ability to obtain immediate control of our Board of Directors, a takeover bidder will not be able to take action to remove other impediments to its acquisition of our Company. Thus, a classified Board of Directors could discourage certain takeover attempts, perhaps including some takeovers that stockholders may feel would be in their best interests. Further, a classified Board of Directors will make it more difficult for stockholders to change the majority composition of our Board of Directors, even if our stockholders believe such a change would be beneficial. Because a classified Board of Directors will make the removal or replacement of directors more difficult, it will increase the directors' security in their positions, and could be viewed as tending to perpetuate incumbent management.

Since the creation of a classified Board of Directors will increase the amount of time required for a hostile bidder to acquire control of our Company, the existence of a classified board of directors could tend to discourage certain tender offers which stockholders might feel would be in their best interest. However, our Board of Directors believes that forcing potential bidders to negotiate with our Board of Directors for a change of control transaction will allow our Board of Directors to better maximize stockholder value in any change of control transaction.

Our bylaws also provide that, unless we consent in writing to an alternative forum, the state courts of the State of Delaware will be the sole and exclusive forum for: (i) any derivative action or proceeding brought on our behalf; (ii) any action asserting a claim of breach of a fiduciary duty owed by any of our directors, officers, or employees to us or our stockholders; (iii) any action asserting a claim arising pursuant to any provision of the Delaware General Corporation Law; or (iv) any action asserting a claim that is governed by the internal affairs doctrine, in each case subject the court having personal jurisdiction over the indispensable parties named as defendants therein. This exclusive forum provision would not apply to suits brought to enforce any liability or duty created by the Securities Act or the Exchange Act or any other claim for which the federal courts have exclusive jurisdiction. This forum selection provision may limit our stockholders' ability to bring a claim in a judicial forum that they find favorable for disputes with us or our directors, officers, employees or agents, which may discourage such lawsuits against us and our directors, officers, employees and agents even though an action, if successful, might benefit our stockholders.

Our bylaws establish an advance notice procedure for stockholder proposals to be brought before any meeting of our stockholders, including proposed nominations of persons for election to our board of directors. At an annual or special meeting, stockholders may only consider proposals or nominations (i) specified in the notice of meeting; (ii) brought before the meeting by or at the direction of our board of directors or (iii) otherwise properly brought before the meeting by any stockholder who is a stockholder of record on the date of the giving of the notice and on the record date of the meeting and who complies with the notice procedures set forth in our bylaws. The bylaws do not give our board of directors the power to approve or disapprove stockholder nominations of candidates or proposals regarding other business to be conducted at a special or annual meeting of our stockholders. However, our bylaws may have the effect of precluding the conduct of certain business at a meeting if the proper procedures are not followed. These provisions may also discourage or deter a potential acquirer from conducting a solicitation of proxies to elect the acquirer's own slate of directors or otherwise attempting to obtain control of the Company.

Delaware Anti-Takeover Statute

We are subject to the provisions of Section 203 of the DGCL. In general, Section 203 prohibits a publicly held Delaware corporation from engaging in a "business combination" with an "interested stockholder" for a three-year period following the time that this stockholder becomes an interested stockholder, unless the business combination is approved in a prescribed manner. Under Section 203, a business combination between a corporation and an interested stockholder is prohibited unless it satisfies one of the following conditions:

- before the stockholder became interested, our board approved either the business combination or the transaction which resulted in the stockholder becoming an interested stockholder;
- upon consummation of the transaction which resulted in the stockholder becoming an interested stockholder, the interested stockholder owned at least 85% of the voting stock of the corporation outstanding at the time the transaction commenced, excluding for purposes of determining the voting stock outstanding, shares owned by persons who are directors and also officers, and employee stock plans, in some instances, but not the outstanding voting stock owned by the interested stockholder; or
- at or after the time the stockholder became interested, the business combination was approved by our board and authorized at an annual or special meeting of the stockholders by the affirmative vote of at least two-thirds of the outstanding voting stock which is not owned by the interested stockholder.

Section 203 defines a business combination to include:

- any merger or consolidation involving the corporation and the interested stockholder;
- any sale, transfer, lease, pledge, exchange, mortgage or other disposition involving the interested stockholder of 10% or more of the assets of the corporation;
- subject to exceptions, any transaction that results in the issuance or transfer by the corporation of any stock of the corporation to the interested stockholder; or
- the receipt by the interested stockholder of the benefit of any loans, advances, guarantees, pledges or other financial benefits provided by or through the corporation.

In general, Section 203 defines an interested stockholder as any entity or person beneficially owning 15% or more of the outstanding voting stock of the corporation and any entity or person affiliated with or controlling or controlled by the entity or person.

Disclosure of Commission Position on Indemnification for Securities Act Liabilities

Insofar as indemnification for liabilities arising under the Securities Act may be permitted to our directors, officers and controlling persons pursuant to the foregoing provisions, we have been informed that in the opinion of the SEC such indemnification is against public policy as expressed in the Securities Act and is, therefore, unenforceable.

We agreed to keep this prospectus effective until the earlier of (i) the date on which the securities may be resold by the Selling securityholders without registration and without regard to any volume or manner-of-sale limitations by reason of Rule 144, without the requirement for the Company to be in compliance with the current public information under Rule 144 under the Securities Act or any other rule of similar effect or (ii) all of the securities have been sold pursuant to this prospectus or pursuant to any available exemption from registration under the Securities Act. Because this Company is a shell company pursuant to Rule 405 of the Securities Act, the selling securityholders may not rely upon Rule 144 to resell their securities. The resale securities will be sold only through registered or licensed brokers or dealers if required under applicable state securities laws. In addition, in certain states, the resale securities covered hereby may not be sold unless they have been registered or qualified for sale in the applicable state or an exemption from the registration or qualification requirement is available and is complied with.

Under applicable rules and regulations under the Exchange Act, any person engaged in the distribution of the resale securities may not simultaneously engage in market making activities with respect to the Common Stock for the applicable restricted period, as defined in Regulation M, prior to the commencement of the distribution. In addition, the Selling securityholders will be subject to applicable provisions of the Exchange Act and the rules and regulations thereunder, including Regulation M, which may limit the timing of purchases and sales of the Common Stock by the Selling securityholders or any other person. We will make copies of this prospectus available to the Selling securityholders and have informed them of the need to deliver a copy of this prospectus to each purchaser at or prior to the time of the sale (including by compliance with Rule 172 under the Securities Act).
