TransBiotech, Inc.
NOTES TO UNAUDITED CONDENSED CONSOLIDATED FINANCIAL STATEMENTS
JUNE 30, 2017

NOTE 1. ORGANIZATION, OPERATIONS AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

TransBiotech, Inc. (“TransBiotech – DE”), formerly Imagine Media LTD., was incorporated August, 2007 in the State of Delaware. A corporation also named TransBiotech, Inc. (“TransBiotech – CA”) was formed in the state of California July 4, 2004. Effective September 19, 2011 TransBiotech - DE was acquired by TransBiotech - CA in a transaction classified as a reverse acquisition as the shareholders of TransBiotech - CA retained the majority of the outstanding common stock of TransBiotech - DE after the share exchange. The financial statements represent the activity of TransBiotech - CA from July 4, 2004 forward, and the consolidated activity of TransBiotech - DE and TransBiotech - CA from September 19, 2011 forward. TransBiotech - DE and TransBiotech - CA are hereinafter referred to collectively as the “Company”. The Company has developed and plans to market and sell a non-invasive alcohol sensing system which includes an ignition interlock. The Company has not generated any revenues from its operations.

Basis of Presentation

The accompanying unaudited condensed consolidated financial statements have been prepared in accordance with generally accepted accounting principles (“GAAP”) as promulgated in the United States of America. These unaudited condensed consolidated financial statements should be read in conjunction with the Company’s audited consolidated financial statements and related notes thereto for the year ended December 31, 2016, included in the Company’s Annual Report on Form 10-K filed with the SEC on April 17, 2017.

Principles of consolidation

The accompanying unaudited consolidated financial statements include the accounts of the Company and its majority owned subsidiary, Transbiotech-CA. All intercompany accounts and transactions have been eliminated in consolidation.

Use of Estimates

The preparation of unaudited consolidated financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Specifically, such estimates were made by the Company for the valuation of derivative liability, stock compensation and beneficial conversion feature expenses. Actual results could differ from those estimates.

NOTE 1. ORGANIZATION, OPERATIONS AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont'd)

Cash

The Company considers all highly liquid investments with an original maturity of three months or less as cash equivalents. The Company does not have any cash equivalents as of June 30, 2017 and December 31, 2016.

Income tax

The Company accounts for income taxes pursuant to ASC 740. Under ASC 740 deferred taxes are provided on a liability method whereby deferred tax assets are recognized for deductible temporary differences and operating loss carry forwards and deferred tax liabilities are recognized for taxable temporary differences. Temporary differences are the differences between the reported amounts of assets and liabilities and their tax bases. Deferred tax assets are reduced by a valuation allowance when, in the opinion of management, it is more likely than not that some portion or all of the deferred tax assets will not be realized. Deferred tax assets and liabilities are adjusted for the effects of changes in tax laws and rates on the date of enactment. The Company has not recorded any deferred tax assets or liabilities at June 30, 2017.

Net loss per share

The net loss per share is computed by dividing the net loss by the weighted average number of shares of common outstanding. Diluted net loss per share reflects the potential dilution that could occur if securities or other contracts to issue common stock were exercised or converted into common stock or resulted in the issuance of common stock that would then share in the income of the Company, subject to anti-dilution limitations. The Company has 13,352,182 stock options that can be converted to common stock if exercised.

Financial Instruments

Pursuant to ASC Topic 820, *Fair Value Measurements and Disclosures* and ASC 825, *Financial Instruments*, an entity is required to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. ASC 820 and 825 establishes a fair value hierarchy based on the level of independent, objective evidence surrounding the inputs used to measure fair value. A financial instrument's categorization within the fair value hierarchy is based upon the lowest level of input that is significant to the fair value measurement. ASC 820 and 825 prioritizes the inputs into three levels that may be used to measure fair value:

Level 1

Level 1 applies to assets or liabilities for which there are quoted prices in active markets for identical assets or liabilities.

[Table of Contents](#)

TransBiotec, Inc.
NOTES TO UNAUDITED CONDENSED CONSOLIDATED FINANCIAL STATEMENTS
JUNE 30, 2017

Level 2

Level 2 applies to assets or liabilities for which there are inputs other than quoted prices that are observable for the asset or liability such as quoted prices for similar assets or liabilities in active markets; quoted prices for identical assets or liabilities in markets with insufficient volume or infrequent transactions (less active markets); or model-derived valuations in which significant inputs are observable or can be derived principally from, or corroborated by, observable market data.

Level 3

Level 3 applies to assets or liabilities for which there are unobservable inputs to the valuation methodology that are significant to the measurement of the fair value of the assets or liabilities.

The Company's financial instruments consist primarily of cash, accounts payable, accrued expenses, notes payable, related party payables, convertible debentures, and other payable. Pursuant to ASC 820 and 825, the fair value of our cash and cash equivalents is determined based on "Level 1" inputs, which consist of quoted prices in active markets for identical assets. We believe that the recorded values of all of our other financial instruments approximate their current fair values because of their nature and respective maturity dates or durations.

The following table presents assets and liabilities that are measured and recognized at fair value as of June 30, 2017 and December 2016 on a recurring basis:

June 30, 2017

	Level 1	Level 2	Level 3
	\$	\$	\$
Derivative liabilities	-	-	-
	<u>-</u>	<u>-</u>	<u>-</u>

December 31, 2016

	Level 1	Level 2	Level 3
	\$	\$	\$
Derivative liabilities	-	(180,038)	-
	<u>-</u>	<u>(180,038)</u>	<u>-</u>

Beneficial Conversion Features

From time to time, the Company may issue convertible notes that may contain an embedded beneficial conversion feature. A beneficial conversion feature exists on the date a convertible note is issued when the fair value of the underlying common stock to which the note is convertible into is in excess of the remaining unallocated proceeds of the note after first considering the allocation of a portion of the note proceeds to the fair value of the warrants, if related warrants have been granted. The intrinsic value of the beneficial conversion feature is recorded as a debt discount with a corresponding amount to additional paid in capital. The debt discount is amortized to interest expense over the life of the note using the effective interest method.

[Table of Contents](#)

TransBiotec, Inc.
NOTES TO UNAUDITED CONDENSED CONSOLIDATED FINANCIAL STATEMENTS
JUNE 30, 2017

Derivative Instruments

The fair value of derivative instruments is recorded and shown separately under current liabilities. Changes in fair value are recorded in the consolidated statement of income under other income (expenses).

The accounting treatment of derivative financial instruments requires that the Company record the embedded conversion option and warrants at their fair values as of the inception date of the agreement and at fair value as of each subsequent balance sheet date. Any change in fair value is recorded as non-operating, non-cash income or expense for each reporting period at each balance sheet date. If the classification changes as a result of events during the period, the contract is reclassified as of the date of the event that caused the reclassification. As a result of entering into warrant agreements, for which such instruments contained a variable conversion feature with no floor, the Company has adopted a sequencing policy in accordance with ASC 815-40-35-12 whereby all future instruments may be classified as a derivative liability with the exception of instruments related to share-based compensation issued to employees or directors.

The Company evaluates all of its financial instruments to determine if such instruments are derivatives or contain features that qualify as embedded derivatives. For derivative financial instruments that are accounted for as liabilities, the derivative instruments are initially recorded at its fair value and is then re-valued at each reporting date, with changes in the fair value reported in the consolidated statements of operations. For stock-based derivative financial instruments, the Company uses a weighted average Black-Sholes-Merton option pricing model to value the derivative instruments at inception and on subsequent valuation dates. The classification of derivative instruments, including whether such instruments should be recorded as liabilities or as equity, is evaluated at the end of each reporting period. Derivative instrument liabilities are classified in the balance sheet as current or non-current based on whether or not net-cash settlement of the derivative instrument could be required within 12 months of the balance sheet date.

Stock based compensation

The Company has share-based compensation plans under which employees, consultants, suppliers and directors may be granted restricted stock, as well as options and warrants to purchase shares of Company common stock at the fair market value at the time of the grant. Stock-based compensation cost to employees is measured by the Company at the grant date, based on the fair value of the award, over the requisite service period under ASC718. For options issued to employees, the Company recognizes stock compensation costs utilizing the fair value methodology over the related period of benefit. Grants of stock to non-employees and other parties are accounted for in accordance with the ASC 505.

TransBiotec, Inc.
NOTES TO UNAUDITED CONDENSED CONSOLIDATED FINANCIAL STATEMENTS
JUNE 30, 2017

Minority interest (Noncontrolling interest)

A subsidiary of the Company has minority members, representing ownership interests of 1.38% at March 31, 2017. The Company accounts for these minority, or noncontrolling interests pursuant to ASC 810-10-65 whereby gains and losses in a subsidiary with a noncontrolling interest are allocated to the noncontrolling interest based on the ownership percentage of the noncontrolling interest, even if that allocation results in a deficit noncontrolling interest balance.

NOTE 2. GOING CONCERN

The Company has suffered recurring losses from operations and has a working capital deficit and stockholders' deficit, and in all likelihood, will be required to make significant future expenditures in connection with continuing marketing efforts along with general administrative expenses. As of June 30, 2017, the accumulated deficit is \$17,597,176. These conditions raise substantial doubt about the Company's ability to continue as a going concern.

The Company may raise additional capital through the sale of its equity securities, through an offering of debt securities, or through borrowings from financial institutions or others. By doing so, the Company hopes to generate revenues from sales of its alcohol sensing and ignition lock systems. Management believes that actions presently being taken to obtain additional funding provide the opportunity for the Company to continue as a going concern.

NOTE 3. RELATED PARTY TRANSACTIONS

As of June 30, 2017, and December 31, 2016, the Company had payables due to officers, for accrued compensation and services of \$1,041,434 and \$1,111,754 respectively.

On December 3, 2014, as part of a related party note payable agreement, the company agreed to convert 50% of certain outstanding accounts payable to common stock at a price of .09 per share. Per this agreement as of June 30, 2017 and the year ended December 31, 2016, approximately \$174,617 of accounts payable is convertible into 1,940,189 shares and \$147,633 is convertible into 1,640,365 shares, respectively.

On July 1, 2015, the Company amended a note payable agreement with Lanphere Law Group, the company's largest shareholder, which forgave \$108,000 of the principal balance. The original principal balance on the note was \$214,335 and the new principal balance on the note after the debt forgiveness is \$106,335.

On February 10, 2017, a related party irrevocably elected to exercise options in order to acquire 32,248,932 shares of the Company's common stock in exchange for an aggregate exercise price of \$112,871 which was used for the deduction of the principal and accrued interest of a related party note payable. The balance of the note after the debt deduction is \$31,661.76.

NOTES TO UNAUDITED CONDENSED CONSOLIDATED FINANCIAL STATEMENTS
JUNE 30, 2017

Beginning on December 12, 2012, Michael A. Lanphere began loaning the Company money for a variety of purposes, some for working capital and some to allow the Company to pay outstanding obligations. Each of these loans was made pursuant to the terms of a Loan Agreement with Promissory Note and Stock Fee (the "Agreements"). Under the terms of Agreements, Mr. Lanphere was not only entitled to repayment of the principal amount loaned to us, with interest, but also what was termed in the Agreements as a "Stock Fee" that the parties are interpreting as a stock option, which permits Mr. Lanphere to acquire shares of our common stock in exchange for an exercise price that was estimated based on the date of the loan agreement. The number of shares to be issued to Mr. Lanphere as a Stock Fee under each Agreement was an estimate and varied based on the loan amount and the price of our common stock on the day of the loan and was calculated by this formula: sixty percent (60%) of the loan amount divided by the Company's stock price on the day of the loan, but at a price per share no higher than two and one-half cents (\$0.025). Each Stock Fee is fully vested immediately and expires five (5) years from the date of the loan. Although the Stock Fee could be taken by Mr. Lanphere as a stock grant or a stock option, due to the fully vested nature of the Stock Fee, Mr. Lanphere is deemed to beneficially own those shares on the date of each Agreement.

ITEM 2 Management's Discussion and Analysis of Financial Condition and Results of Operations

Disclaimer Regarding Forward Looking Statements

Our Management's Discussion and Analysis or Plan of Operations contains not only statements that are historical facts, but also statements that are forward-looking. Forward-looking statements are, by their very nature, uncertain and risky. These risks and uncertainties include international, national and local general economic and market conditions; demographic changes; our ability to sustain, manage, or forecast growth; our ability to successfully make and integrate acquisitions; raw material costs and availability; new product development and introduction; existing government regulations and changes in, or the failure to comply with, government regulations; adverse publicity; competition; the loss of significant customers or suppliers; fluctuations and difficulty in forecasting operating results; changes in business strategy or development plans; business disruptions; the ability to attract and retain qualified personnel; the ability to protect technology; and other risks that might be detailed from time to time in our filings with the Securities and Exchange Commission.

Although the forward-looking statements in this Quarterly Report reflect the good faith judgment of our management, such statements can only

be based on facts and factors currently known by them. Consequently, and because forward-looking statements are inherently subject to risks and uncertainties, the actual results and outcomes may differ materially from the results and outcomes discussed in the forward-looking statements. You are urged to carefully review and consider the various disclosures made by us in this report and in our other reports as we attempt to advise interested parties of the risks and factors that may affect our business, financial condition, and results of operations and prospects.

Overview

We have developed an alcohol detection device called "SOBR". The device is a patented system for use in detecting alcohol in a person's system by measuring the ethanol content in their perspiration. Once SOBR is completed and tested, we plan to market the device to four primary business segments: (i) as an aftermarket-installed device to companies and institutions that employ or contract with vehicle drivers, such as trucking companies, limousine companies, and taxi cab companies, where the system will be marketed as a preventative drunk driving detection system, with a possible ignition locking device, (ii) the original equipment manufacturing (OEM) market, where the device would be installed in new vehicles during the original building of a vehicle, (iii) companies and institutions that have an interest in monitoring their employees' or contractors' alcohol level due to their job responsibilities, such as surgeons prior to entering surgery, pilots prior to flying aircraft, mineworkers prior to entering a mine, or the military for personnel returning to a military base from off-base leave or prior to leaving for a mission, and (iv) companies that would want to provide knowledge to their customers of their current alcohol level, such as lounge and bar owners, or customers attending a golfing event. We believe SOBR offers a unique solution to the national alcohol abuse problem.

We have developed a marketing plan that our management believes will gain market recognition for the SOBR device, primarily through trade shows, industry publications, general solicitation, social media, and public relations, as well as hopefully generating the demand for the SOBR device through the use of selling groups, such as channel sales, distributors, and independent sales contractors. We believe the primary market for the in-vehicle SOBR device initially is the commercial vehicle market, such as trucking companies, taxi cab companies, limousine companies, and bus companies. Many of these companies have a significant financial interest in eliminating drunk drivers from their operations. Secondly, individuals may desire to monitor a family member's vehicle, such as an automobile operated by a minor or a family member with a past alcohol issue.

[Table of Contents](#)

We believe the primary market for the portable SOBR device is its use by companies and institutions that have an interest in monitoring their employees' or contractors' alcohol level due to their job responsibilities, such as surgeons prior to entering surgery, pilots prior to flying aircraft, mineworkers prior to entering a mine, or the military for personnel returning to a military base from off-base leave.

Although we are still performing beta testing of SOBR, on January 15, 2016, we received a purchase order from our distributor, AG Global Capital, for 250 of our SOBR Ignition Interlock devices. These devices were for a trucking company located in Turkey. Under the terms of the purchase order we would receive \$35,000 as payment for the devices once the devices are delivered. However, during 2016, the purchaser notified our distributor that they wish to put the purchase order on hold due to the political and social unrest in Turkey in order to see how things play out. In connection with the purchase order we produced ten prototype units that we have now circulated to other potential interested parties and those devices are currently being used in trial test runs by several potential purchasers.

Corporate Overview

We were formed in August 2007 to publish and distribute Image Magazine, a monthly guide and entertainment source for the Denver, Colorado area. We generated only limited revenue and essentially abandoned its business plan in January 2009. On September 19, 2011 we acquired approximately 52% of the outstanding shares of TBT from TBT's directors, in exchange for 12,416,462 shares of our common stock.

On January 31, 2012, we acquired approximately 45% of the remaining outstanding shares of TBT in exchange for 10,973,678 shares of our common stock.

Between the acquisitions in September 2011 and January 2012 we own approximately 97% of the outstanding shares of TBT.

As a result of the acquisition, TBT's business is our business, and, unless otherwise indicated, any references to we or us, include the business and operations of TBT.

TBT as the accounting acquirer in the transaction recorded the acquisition as the issuance of stock for our net monetary assets accompanied by a recapitalization. This accounting for the transaction was identical to that resulting from a reverse acquisition, except that no goodwill or other intangible assets were recorded.

We have developed and patented a high technology, state-of-the-art transdermal sensing system that detects ethanol alcohol levels through a person's skin.

The following discussion analyzes our financial condition and the results of our operations for the three and six months ended June 30, 2017.

This discussion and analysis should be read in conjunction with TBT's financial statements included as part of this Quarterly Report on Form 10-Q, as well as TBT's financial statements included in its Annual Report on Form 10-K for the year ended December 31, 2016.

Our net loss decreased by \$103,987, from (\$150,297) to (\$46,310), from the three months ended June 30, 2016 compared to June 30, 2017. Our operating loss increased by \$51,251, from \$111,852 to \$163,103 for the same periods. The change in our net loss for the three months ended June 30, 2017, compared to the prior year period, is primarily a result of us having a \$189,113 gain on fair value adjustment from derivatives in 2017 compared to none in 2016 and an increase in our interest expense offset by increased general and administrative expenses in 2017 compared to 2016. The changes are detailed below.

Revenue

We have not had any revenues since our inception. Fair Value Adjustment - Derivatives

Gain on Fair Value Adjustment -Derivatives went from \$0 for the three months ended June 30, 2016 to \$189,113 for the three months ended June 30, 2017. This gain was due to account for the decrease in stock price from April 1, 2017 to April 21, 2017, the date our authorized common stock increased from 100,000,000 to 800,000,000 shares, and its related adjustment and recalculation of the derivative liability for those stock options, warrants and convertible shares related to notes payable recognized as a derivative liability during the three months ended June 30, 2017.

Interest Expense

Interest expense increased by \$8,875, from \$38,445 for the three months ended June 30, 2016 to \$47,320 for the three months ended June 30, 2017. For both periods these amounts are largely due to the interest we owe on outstanding debt.

Interest Expense – Beneficial Conversion Feature

In the three months ended June 30, 2017 our interest expense - beneficial conversion feature was \$25,000, compared to \$0 for the three months ended June 30, 2016, and was related to a convertible debenture with a beneficial conversion feature that had to be reclassified from a derivative liability to common share equivalents.

Liquidity and Capital Resources for Six Months Ended June 30, 2017 Compared to Six Months Ended June 30, 2016

Introduction

During the six months ended June 30, 2017 and 2016, because of our operating losses, we did not generate positive operating cash flows. Our cash on hand as of June 30, 2017 was \$883 and our monthly cash flow burn rate is approximately \$25,000. As a result, we have significant short term cash needs. These needs are being satisfied through proceeds from the sales of our securities and loans from both related parties and third parties. We currently do not believe we will be able to satisfy our cash needs from our revenues for some time.

Our cash, current assets, total assets, current liabilities, and total liabilities as of June 30, 2017 and as of December 31, 2016, respectively, are as follows:

	June 30, 2017	December 31, 2016	Change
Cash	\$ 883	\$ 14,305	\$ 13,422
Total Current Assets	8,502	14,305	5,803
Total Assets	8,502	14,305	5,803
Total Current Liabilities	2,820,271	3,026,185	205,914
Total Liabilities	\$ 2,820,271	\$ 3,026,185	\$ 205,914

Our current assets decreased as of June 30, 2017 as compared to December 31, 2016, due to us having less cash on hand, partially offset by us having \$7,619 in prepaid expenses, as of June 30, 2017. The decrease in our total assets between the two periods was also related to the decreased cash on hand as of June 30, 2017.

Our current liabilities decreased by \$205,914, as of June 30, 2017 as compared to December 31, 2016. This decrease was primarily due to a decrease in our accounts payable due to conversions to equity.

In order to repay our obligations in full or in part when due, we will be required to raise significant capital from other sources. There is no assurance, however, that we will be successful in these efforts.

Sources and Uses of Cash

Operations

We had net cash provided by operating activities of \$113,622 for the six months ended June 30, 2017, as compared to net cash provided by operating activities of \$80,079 for the six months ended June 30, 2016. For the period in 2017, the net cash used in operating activities consisted primarily of our net loss of (\$533,090), offset by note payable beneficial conversion expense of \$21,500, change in fair value of derivative liability of \$124,306 and stock option expense of \$82,008, and changes in our accounts payable of \$172,089, accrued interest payables of \$58,874, related party payable of (\$70,320), other payable of \$28,310, stock subscription payable of \$10,320, and prepaid expenses of (\$7,619). For the period in 2016, the net cash provided by operating activities consisted primarily of our net loss of (\$316,647), offset by note payable beneficial conversion expense of \$6,250 and stock based compensation of \$10,523, and changes in our accounts payable of \$125,519, accrued interest payables of \$63,655, related party payable of \$56,500 other payable of (\$1,908), and stock subscription payable of (\$23,971).

ITEM 3 Quantitative and Qualitative Disclosures About Market Risk

As a smaller reporting company, we are not required to provide the information required by this Item.

ITEM 4 Controls and Procedures

(a) Evaluation of Disclosure Controls Procedures

Disclosure controls and procedures (as defined in Rules 13a-15(e) and 15d-15(e) under the Exchange Act) are designed to ensure that information required to be disclosed in reports filed or submitted under the Exchange Act is recorded, processed, summarized and reported within the time periods specified in SEC rules and forms. Disclosure and control procedures are also designed to ensure that such information is accumulated and communicated to management, including the chief executive officer and chief financial officer, to allow timely decisions regarding required disclosures.

[Table of Contents](#)

As of June 30, 2017, we carried out an evaluation, under the supervision and with the participation of management, including our chief executive officer (our Principal Executive Officer) and chief financial officer (our Principal Financial Officer), of the effectiveness of the design and operation of our disclosure controls and procedures. In designing and evaluating the disclosure controls and procedures, management recognizes that there are inherent limitations to the effectiveness of any system of disclosure controls and procedures, including the possibility of human error and the circumvention or overriding of the controls and procedures. Accordingly, even effective disclosure controls and procedures can only provide reasonable assurance of achieving their desired control objectives. Additionally, in evaluating and implementing possible controls and procedures, management is required to apply its reasonable judgment. We also do not have an audit committee. Based on the evaluation described above, and as a result, in part, of not having an audit committee and having one individual serve as our chief executive officer and chief financial officer has concluded that, as of the end of the period

covered by this report, our disclosure controls and procedures were not effective to the same extent as reported in our Annual Report on Form 10-K for the year ended December 31, 2016.

As funds become available to us, we expect to implement additional measures to improve disclosure controls and procedures.

(b) Changes in Internal Controls over Financial Reporting

There was no change in our internal controls over financial reporting that occurred during the period covered by this report, which has materially affected, or is reasonably likely to materially affect, our internal controls over financial reporting.

(c) Officer's Certifications

Appearing as an exhibit to this quarterly report on Form 10-Q are "Certifications" of our Chief Executive and Financial Officer. The Certifications are required pursuant to Sections 302 of the Sarbanes-Oxley Act of 2002 (the "Section 302 Certifications"). This section of the quarterly report on Form 10-Q contains information concerning the Controls Evaluation referred to in the Section 302 Certifications. This information should be read in conjunction with the Section 302 Certifications for a more complete understanding of the topics presented.

PART II – OTHER INFORMATION

ITEM 1 Legal Proceedings

On December 6, 2006, Orange County Valet and Security Patrol, Inc. filed a lawsuit against us in Orange County California State Superior Court for Breach of Contract in the amount of \$9,720.00. A default judgment was taken against us in this matter. In mid-2013 we learned the Plaintiff's perfected the judgment against us, but we have not heard from the Plaintiffs for a long period time.

We currently have one outstanding judgment against us involving a past employee of the company. The matter is under the purview of the State of California, Franchise Tax Board, Industrial Health and Safety Collections. We currently owe approximately \$28,786 plus accrued interest, to our ex-employee for unpaid wages under these Orders and are working to get this amount paid off.

In the ordinary course of business, we are from time to time involved in various pending or threatened legal actions. The litigation process is inherently uncertain and it is possible that the resolution of such matters might have a material adverse effect upon our financial condition and/or results of operations. However, in the opinion of our management, other than as set forth herein, matters currently pending or threatened against us are not expected to have a material adverse effect on our financial position or results of operations.

ITEM 5 Other Information

On March 10, 2017, our Board of Directors and the holders of a majority of the Company's voting stock, dated as of March 10, 2017, approved the following items by written consent:

1. To elect four (4) directors to serve until the next Annual Meeting of Shareholders and thereafter until their successors are elected and qualified;
2. To approve an amendment to the Company's Certificate of Incorporation to increase the authorized common stock from 100,000,000 shares, par value \$0.00001, to 800,000,000 shares of common stock, par value \$0.00001; and
3. Approval of the 2017 TransBiotec, Inc. Omnibus Stock Grant and Option Plan (the "Plan"), which authorizes 10,000,000 shares of the Company's common stock, a number equal to ten percent (10%) of the Company's outstanding common stock on the date the Plan was approved by a majority of the Company's stockholders, for issuance to Eligible Recipients, as such term is defined in the following Information Statement.

The above-actions took effect on or about August 14, 2017, except the increase in our authorized common stock, which took effect on May 25, 2017 with the filing of our Certificate of Amendment to our Certificate of Incorporation with the State of Delaware.

As a result of the increase in our authorized common stock, the holders of the shares of our Series A Preferred Stock that entered into amendments to their stock purchase agreements to disallow any conversions or voting of their shares of Series A Preferred Stock until we had sufficient authorized common stock to permit such conversions are now permitted to again convert their shares of preferred stock into shares of our common stock and vote on any matters properly brought before our common stockholders for a vote on an “as converted” basis.

**DEBT CONVERSION AND SERIES A PREFERRED STOCK
PURCHASE AGREEMENT**

This Debt Conversion and Series A Preferred Stock Purchase Agreement (this "Agreement") is made and entered into effective as of the [] day of November, 2015 (the "Effective Date") by and between TransBiotech, Inc., a Delaware corporation (the "Company"), and [], an individual (the "Purchaser"). The Company and Purchaser shall each be referred to as a "Party" and collectively as the "Parties."

RECITALS

WHEREAS, the Company currently owes the Purchaser \$[] under a promissory note(s) dated [] (the "Note");

WHEREAS, the Company and the Purchaser desire to have a portion of the outstanding amount owed to Purchaser by the Company converted to shares of the Company's Series A Convertible Preferred Stock pursuant to the terms of this Agreement.

NOW, THEREFORE, the Parties hereby agree as follows:

AGREEMENT

1. **PURCHASE OF SECURITIES:** On the Closing Date (as hereinafter defined), subject to the terms and conditions set forth in this Agreement, the Purchaser hereby agrees to purchase, and the Company hereby agrees to sell, [] ([]) shares of the Company's Series A Convertible Preferred Stock (the "Shares") at a per-share purchase price of One Dollar (\$1.00) per share, for a total purchase price of [] (\$[]) (the "Purchase Price"). The Purchase Price will be paid by the Purchaser to the Company through a Notice of Partial Debt Satisfaction in the form attached hereto as Exhibit A, evidencing the partial satisfaction of the Note in an amount equal to the Purchase Price as payment of the Purchase Price. The Company and the Purchaser will enter into an amendment to the Note to cover the remaining amounts due by the Company under the Note.

As set forth in the Certificate of Designation for the Company's Series A Convertible Preferred Stock, the Shares are convertible into shares of the Company's common stock at any time once the Shares have been held by the Purchaser for twelve (12) months, but only if the Company's closing stock price for the conversion period is at least Five Cents (\$0.05) as set forth in the Certificate of Designation. In addition, the Parties hereby agree that the Purchaser may not, and will not, convert the Shares into shares of the Company's common stock if such conversion would cause the Purchaser to beneficially own more than 4.9% of the Company's common stock after giving effect to such conversion.

2. CLOSING AND DELIVERY:

a) Upon the terms and subject to the conditions set forth herein, the consummation of the purchase and sale of the Shares (the "Closing") shall be held simultaneous with the execution of this Agreement, or at such other time mutually agreed upon between the constituent Parties (the "Closing Date"). The Closing shall take place at the offices of counsel for the Company set forth in Section 6 hereof, or by the exchange of documents and instruments by mail, courier, facsimile and wire transfer to the extent mutually acceptable to the Parties hereto.

b) At the Closing:

(i) The Company and the Purchaser shall execute this Agreement, which shall serve as evidence of ownership of the Shares, free from restrictions on transfer except as set forth in this Agreement. Subsequent to the Closing, at a time chosen by the Company in its sole discretion, the Company will issue a stock certificate to the Purchaser to evidence the Shares.

(ii) The Purchaser shall deliver to the Company the Purchase Price through the delivery of the signed Notice of Partial Debt Satisfaction.

3. REPRESENTATIONS, WARRANTIES AND AGREEMENTS BY PURCHASER: The Purchaser hereby represents, warrants and agrees as follows:

a) *Purchase for Own Account.* Purchaser represents that he is acquiring the Shares solely for his own account and beneficial interest for investment and not for sale or with a view to distribution of the Shares or any part thereof, has no present intention of selling (in connection with a distribution or otherwise), granting any participation in, or otherwise distributing the same, and does not presently have reason to anticipate a change in such intention.

b) *Ability to Bear Economic Risk.* Purchaser acknowledges that an investment in the Shares involves a high degree of risk, and represents that he is able, without materially impairing his financial condition, to hold the Shares for an indefinite period of time and to suffer a complete loss of his investment.

c) *Access to Information.* The Purchaser acknowledges that the Purchaser has been furnished with such financial and other information concerning the Company, the directors and officers of the Company, and the business and proposed business of the Company as the Purchaser considers necessary in connection with the Purchaser's investment in the Shares. As a result, the Purchaser is thoroughly familiar with the proposed business, operations, properties and financial condition of the Company and has discussed with officers of the Company any questions the Purchaser may have had with respect thereto. The Purchaser understands:

- (i) The risks involved in this investment, including the speculative nature of the investment;
- (ii) The financial hazards involved in this investment, including the risk of losing the Purchaser's entire investment;
- (iii) The lack of liquidity and restrictions on transfers of the Shares; and
- (iv) The tax consequences of this investment.

The Purchaser has consulted with the Purchaser's own legal, accounting, tax, investment and other advisers with respect to the tax treatment of an investment by the Purchaser in the Shares and the merits and risks of an investment in the Shares.

d) *Shares Part of Private Placement.* The Purchaser has been advised that the Shares have not been registered under the Securities Act of 1933, as amended (the "Act"), or qualified under the securities law of any state, on the ground, among others, that no distribution or public offering of the Shares is to be effected and the Shares will be issued by the Company in connection with a transaction that does not involve any public offering within the meaning of section 4(a)(2) of the Act and/or Regulation D as promulgated by the Securities and Exchange Commission under the Act, and under any applicable state blue sky authority. The Purchaser understands that the Company is relying in part on the Purchaser's representations as set forth herein for purposes of claiming such exemptions and that the basis for such exemptions may not be present if, notwithstanding the Purchaser's representations, the Purchaser has in mind merely acquiring the Shares for resale on the occurrence or nonoccurrence of some predetermined event. The Purchaser has no such intention.

e) *Further Limitations on Disposition.* Purchaser further acknowledges that the Shares are restricted securities under Rule 144 of the Act, and, therefore, if the Company, in its sole discretion, chooses to issue any certificates reflecting the ownership interest in the Shares, those certificates will contain a restrictive legend substantially similar to the following:

THESE SECURITIES HAVE NOT BEEN REGISTERED UNDER THE SECURITIES ACT OF 1933, AS AMENDED (THE "ACT").
THEY MAY NOT BE SOLD, OFFERED FOR SALE, PLEDGED OR HYPOTHECATED IN THE ABSENCE OF AN EFFECTIVE
REGISTRATION STATEMENT AS TO THE SECURITIES UNDER THE ACT OR AN OPINION OF COUNSEL SATISFACTORY
TO THE COMPANY THAT SUCH REGISTRATION IS NOT REQUIRED.

Without in any way limiting the representations set forth above, Purchaser further agrees not to make any disposition of all or any portion of the Shares unless and until:

(i) There is then in effect a Registration Statement under the Act covering such proposed disposition and such disposition is made in accordance with such Registration Statement; or

(ii) Purchaser shall have obtained the consent of the Company and notified the Company of the proposed disposition and shall have furnished the Company with a detailed statement of the circumstances surrounding the proposed disposition, and if reasonably requested by the Company, Purchaser shall have furnished the Company with an opinion of counsel, reasonably satisfactory to the Company, that such disposition will not require registration under the Act or any applicable state securities laws.

Notwithstanding the provisions of subparagraphs (i) and (ii) above, no such registration statement or opinion of counsel shall be necessary for a transfer by such Purchaser to a partner (or retired partner) of Purchaser, or transfers by gift, will or intestate succession to any spouse or lineal descendants or ancestors, if all transferees agree in writing to be subject to the terms hereof to the same extent as if they were Purchasers hereunder as long as the consent of the Company is obtained.

f) *Sophisticated Investor Status.* The Purchaser is a sophisticated investor.

g) *Purchaser Authorization.* The Purchaser, if not an individual, is empowered and duly authorized to enter into this Agreement under any governing document, partnership agreement, trust instrument, pension plan, charter, certificate of incorporation, bylaw provision or the like; this Agreement constitutes a valid and binding agreement of the Purchaser enforceable against the Purchaser in accordance with its terms; and the person signing this Agreement on behalf of the Purchaser is empowered and duly authorized to do so by the governing document or trust instrument, pension plan, charter, certificate of incorporation, bylaw provision, board of directors or stockholder resolution, or the like.

h) *No Backup Withholding.* The Social Security Number or taxpayer identification shown in this Agreement is correct, and the Purchaser is not subject to backup withholding because (i) the Purchaser has not been notified that he or she is subject to backup withholding as a result of a failure to report all interest and dividends or (ii) the Internal Revenue Service has notified the Purchaser that he or she is no longer subject to backup withholding.

i) *Certificate of Designation.* Purchaser has been provided with a copy of the Certificate of Designation for the Series A Convertible Preferred Stock, a copy of which is attached hereto as Exhibit B (the "Certificate of Designation"), which sets forth all of the rights, privileges, and preferences with respect to the Series A Convertible Preferred Stock. Purchaser has had an opportunity to discuss any questions or concerns regarding the Certificate of Designation and the rights and preferences of the Series A Convertible Preferred Stock with the Company's management team and has received answers to all outstanding questions and had any issues addressed to the satisfaction of Purchaser.

4. REPRESENTATIONS, WARRANTIES AND AGREEMENTS BY COMPANY: The Company hereby represents, warrants and agrees as follows:

a) *Authority of Company*. The Company has all requisite authority to execute and deliver this Agreement and to carry out and perform its obligations under the terms of this Agreement.

b) *Authorization*. All actions on the part of the Company necessary for the authorization, execution, delivery and performance of this Agreement by the Company and the performance of the Company's obligations hereunder has been taken or will be taken prior to the issuance of the Shares. This Agreement, when executed and delivered by the Company, shall constitute valid and binding obligations of the Company enforceable in accordance with their terms, subject to laws of general application relating to bankruptcy, insolvency, the relief of debtors and, with respect to rights to indemnity, subject to federal and state securities laws. The issuance of the Shares will be validly issued, fully paid and nonassessable, will not violate any preemptive rights, rights of first refusal, or any other rights granted by the Company, and will be issued in compliance with all applicable federal and state securities laws, and will be free of any liens or encumbrances, other than any liens or encumbrances created by or imposed upon the Purchaser through no action of the Company; provided, however, that the Shares may be subject to restrictions on transfer under state and/or federal securities laws as set forth herein or as otherwise required by such laws at the time the transfer is proposed.

c) *Governmental Consents*. All consents, approvals, orders, or authorizations of, or registrations, qualifications, designations, declarations, or filings with, any governmental authority required on the part of the Company in connection with the valid execution and delivery of this Agreement, the offer, sale or issuance of the Shares, or the consummation of any other transaction contemplated hereby shall have been obtained, except for notices required or permitted to be filed with certain state and federal securities commissions, which notices will be filed on a timely basis.

5. INDEMNIFICATION: The Purchaser hereby agrees to indemnify and defend the Company and its officers and directors and hold them harmless from and against any and all liability, damage, cost or expense incurred on account of or arising out of:

(a) Any breach of or inaccuracy in the Purchaser's representations, warranties or agreements herein;

(b) Any disposition of any Shares contrary to any of the Purchaser's representations, warranties or agreements herein;

(c) Any action, suit or proceeding based on (i) a claim that any of said representations, warranties or agreements were inaccurate or misleading or otherwise cause for obtaining damages or redress from the Company or any director or officer of the Company under the Act, or (ii) any disposition of any Shares.

6. MISCELLANEOUS:

a) *Binding Agreement.* The terms and conditions of this Agreement shall inure to the benefit of and be binding upon the respective successors and assigns of the Parties. Nothing in this Agreement, expressed or implied, is intended to confer upon any third party any rights, remedies, obligations, or liabilities under or by reason of this Agreement, except as expressly provided in this Agreement.

**AMENDMENT NO. 1
TO
DEBT CONVERSION AND SERIES A PREFERRED STOCK
PURCHASE AGREEMENT**

This Amendment No. 1 to Debt Conversion and Series A Preferred Stock Purchase Agreement (this "*Amendment*") is made and entered into as of February 13, 2017, by and between **TransBiotec, Inc.**, a Delaware corporation (the "**Company**"), and [_____], an individual (the "**Purchaser**"). Capitalized terms used but not otherwise defined herein shall have the meanings given to such terms in the Stock Purchase Agreement (as defined below).

Recitals

WHEREAS, Company and Purchaser are parties to that certain Debt Conversion and Series A Preferred Stock Purchase Agreement dated November 30, 2015 (the "**Stock Purchase Agreement**"), relating to Purchaser's acquisition of shares of the Company's Series A Preferred Stock in exchange for forgiveness of certain debt Company owes Purchaser as set forth in the Stock Purchase Agreement;

WHEREAS, when the parties entered into the Stock Purchase Agreement it was contemplated that the Company would increase its authorized common stock within one year, after which time the Company would have sufficient authorized common stock to allow the Purchaser to convert his shares of the Company's Series A Convertible Preferred Stock into shares of the Company's common stock if he so desired;

WHEREAS, the Company is currently working on increasing its authorized common stock but has not yet completed the process and, as a result, does not have sufficient authorized common stock to honor a conversion request of the Purchaser if he was to submit one to the Company; and

WHEREAS, due to the Company not currently having sufficient authorized common stock to honor a conversion request if the Purchaser was to submit one, the Company and the Purchaser desire to amend the Series A Purchase Agreement such that the Purchaser cannot convert any shares of Series A Preferred Stock into shares of the Company's common stock until the Company has increased its authorized common stock to a sufficient amount to allow it to effect a conversion request by the Purchaser if one were submitted.

Agreement

NOW, THEREFORE, in consideration of the mutual covenants and agreements set forth herein, and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the parties to the Stock Purchase Agreement hereby agree as follows:

1. The parties agree to modify the terms of the Stock Purchase Agreement as necessary to acknowledge the parties' agreement that the Purchaser cannot convert any shares of Series A Preferred Stock into shares of the Company's common stock until the Company has increased its authorized common stock to a sufficient amount to effect a conversion request by the Purchaser. The parties further agree, the Purchaser also cannot effect any rights of the Series A Preferred Stock that are incident to the ability of the Purchaser to convert the shares, such as voting rights, until the shares can be converted according to the terms of this Amendment. For clarity, the shares of Series A Preferred Stock may not be voted by the Purchaser until such time as the shares of Series A Preferred Stock are convertible, since the voting rights of the Series A Preferred Stock are voted on an "as converted" basis and the shares of Series A Preferred Stock are not convertible until the Company has sufficient authorized common stock to effect any requested conversion. In the event the shares of Series A Preferred Stock are deemed to be able to vote on matters brought before the Company's common stock holders prior to the Company increasing its authorized common stock, then the Purchaser hereby grants Charles Bennington, the CEO of the Company, a proxy to vote his shares of Series A Preferred Stock, until such time as the Company has increased its authorized common stock as contemplated herein.

2. This Amendment is being made pursuant to Section 6(f) of the Stock Purchase Agreement.

3. Scope. This Amendment relates only to the specific matters expressly covered herein. In all other respects, the Stock Purchase Agreement shall remain in full force and effect in accordance with its terms.

4. Counterparts. This Amendment may be executed in one or more counterparts, each of which when executed shall be deemed an original, but all of which taken together shall constitute one and the same instrument. A signed copy of this Amendment delivered by facsimile, e-mail or other means of electronic transmission shall be deemed to have the same legal effect as delivery of an original signed copy of this Amendment. No party shall raise the use of facsimile, e-mail or other means of electronic transmission or similar format to deliver a signature page as a defense to the formation of a contract and each such party forever waives any such defense.

5. Applicable Law; Jurisdiction. This Amendment shall be governed by, and construed in accordance with, the laws of the State of California, regardless of the laws that might otherwise govern under applicable principles of conflicts of laws thereof. In any action between any of the parties arising out of or relating to this Amendment each of the parties irrevocably and unconditionally consents and submits to the exclusive jurisdiction of the appropriate federal or state court having jurisdiction over Orange County, California.

IN WITNESS WHEREOF, each of the undersigned has duly executed and delivered this Amendment No. 1 to the Stock Purchase Agreement as of the date first above written.
